Each lifetime is the pieces of a jigsaw puzzle.

For some there are more pieces.

For others the puzzle is more

difficult to assemble.

Some seem to be born with a nearly completed puzzle.

And so it goes.

Souls going this way and that Trying to assemble the myriad parts.

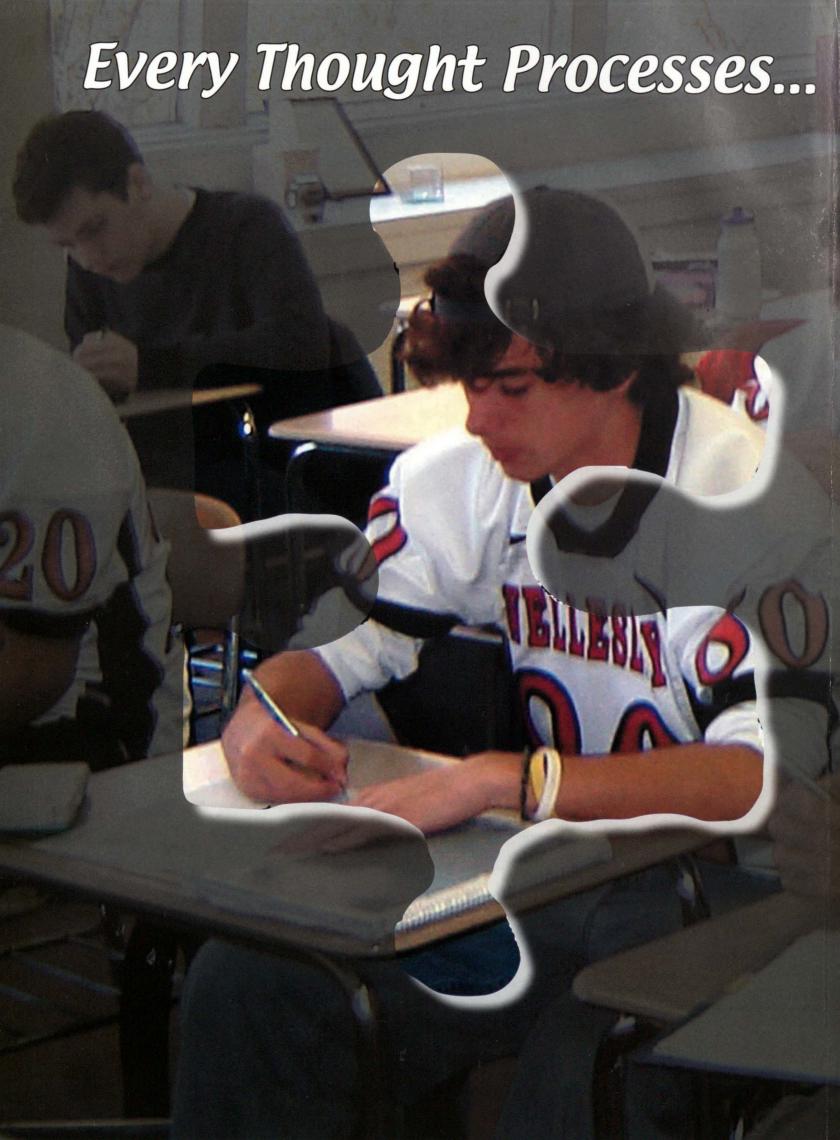

But know this.

You do not have within yourself All the pieces to your puzzle.

Like before the days when they used to seal jigsaw puzzles in cellophane.
Ensuring that all the pieces were there...

(H. Kushner)

Bringing the Pieces
Back

Back to School

With the early morning bustling getting to homeroom by 7:30 AM and the constant hugging of friends reuniting only meant one thing... summer is over. It's back to six periods a day, five days a week. With the start of school you would think everyone was miserable, no more awesome vacations and tanning by the pool, but students seemed to be psyched to get back into the swing of things. Smiling faces and senior women shirts were all that was visible in the cafeteria. According to Taylor Ahearn ('09), "It was really great to see everyone again after the summer!" The hallways were as crowded as ever with a whole

new freshman class. The 9th graders are really looking forward to the year ahead of them," The first day was definitely nerve-wracking, but I think it will get a lot better" admits Holly Yermal ('10). This years seniors seem to be anticipating the year ahead of them as "the best one yet". From the looks and sound of the first day, this school year seems like it's going to be a good one! Everyone is moving up a step and according to Katie Eistenstein ('08), "As the years go on, high school just gets better and better"

school just gets better and better."

hat new club sparked your interest?

"The robotics club seems like a technical challenge I'd like to pursue, although I don't think my schedule can make time for it due to all my other activities," said A. Witheford ('08), displaying her role as an active piece of the junior class.

"I joined Spanish Club and Key Club after the assembly and am continuing with Tennis," remarked sophomore M. Ironside.

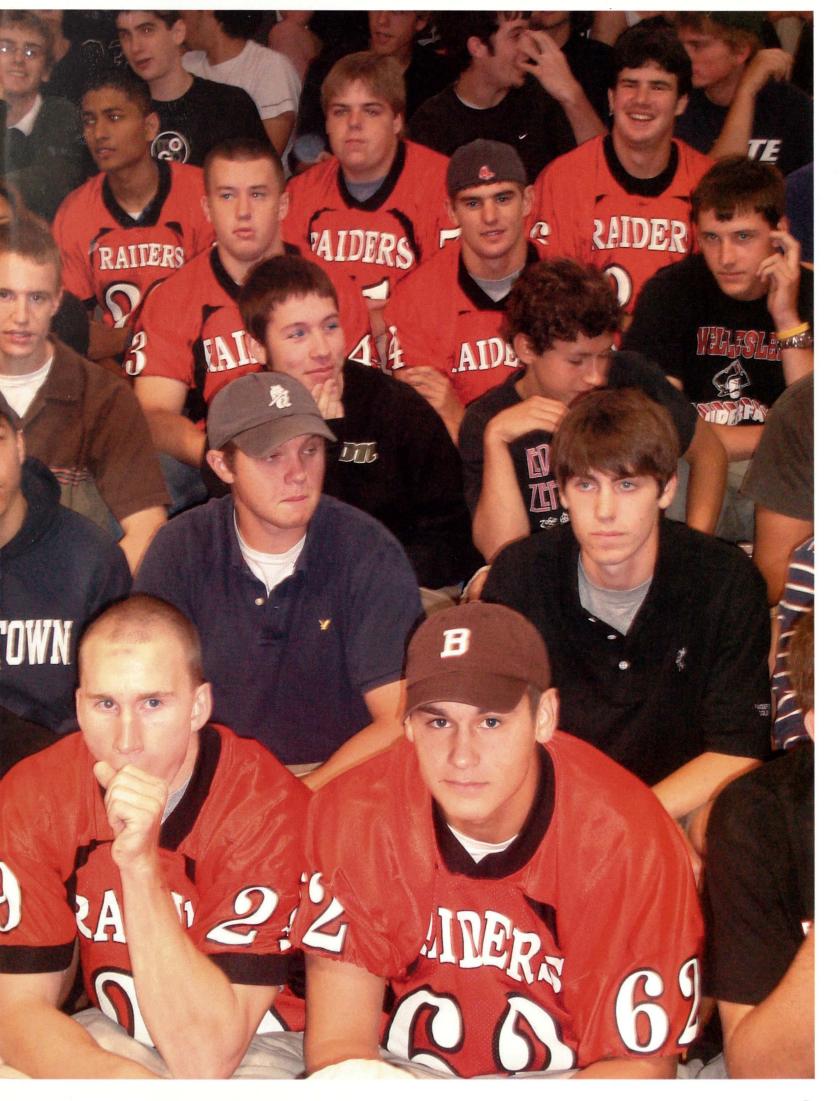

very year the welcome back assembly provides a perfect opportunity for the student body to regroup and encourages involvement in the school community. The gym was filled with energy as Senior president Jon Wald took the microphone, calming students down and leading the Pledge of Allegiance. The morning continued with the consistently strong A capella! singing the Star Spangled Banner and a cheerful welcome back from Ms. Merkin. Amidst prideful cheers and rounds of applause the leaders of Wellesley's clubs and sports teams approached the microphone to encourage participation. Every subchapter of Wellesley High's community was represented, from the Asian Culture Club to the Young Democrats to the field hockey team. The track team sported their short shorts, the football players donned their jerseys and the senior women wore their homemade 2007 t-shirts. The assembly was yet another display of Wellesley High Schools school spirit and enthusiasm for our community.

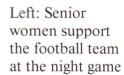

Left: The senior men, many of them showing their school spirit, wait for the start of their fourth and final Welcome Back Assembly.

Falling into place: Senior Autumn

From the wall length bulletin boards broadcasting senior events to the painted windows covered with "07", this year's seniors had

Above: C.Tully and E. Chlan, drenched with raider pride, smile at the night football game.

more school spirit than ever. "As a senior I have an even greater sense of school pride, knowing I'll have to leave soon," said A. Bornstein. Unlike any previous year, the class of 2007 burst in the double doors on the first day of school, ready to take charge. But with any privilege comes new responsibility. "Being a senior is fun but you also have the entire school looking to you as a role

model," said J. Ottensmeyer. With that in mind, the graduating class decided to show the underclassmen their Raider pride. On the first day of school, the senior girls sported their traditional Senior Women T-shirts and raider pride signs decorated the hall-ways. The class officers began working right away to boost class unity. 2007 bonded over sundaes at the ice cream social and over hamburgers at the tailgating. The seniors had an eventful fall, using class events as a temporary escape from the stress of schoolwork and college applications.

Bottom Right: K. Hunter ('09) and M. Salzman ('09) decked out in their pep rally shirts make their way to the freshmen

Bottom Left: B. Cahn('08), P. Branningan ('07) and A. Ciro ('07) love sporting their soccer stuff almost as much as they love each other.

Right Center: J. Roy ('09) and B. Sullivan ('09) watching the Raiders and cheering on the football team.

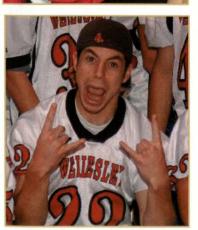

Right: As the boys got ready for the game, red paint covered the parking lot, cars and their friends. As the game continued this fun tradition smeared onto the arms, clothes and faces of other diehard Raiders fans. This year more than just the seven letters painted their pride. Senior ladies and underclassmen also joined in the festivities, painting their stomachs, dying their hair and even sporting war paint. The senior men kept the crowds alive with loud cheers making the atomsphere not only lively but competitive. The Raider community will have big shoes to fill when the seniors depart. Until then, the senior class chant will echo with a resounding "Go Raiders" heard by all.

ts and Pieces

Fall Brings Color to Wellesley High

This fall at Wellesley High School students returned with excitement and enthusiasm. Students were quick to join new clubs and athletic teams as they jumped right into the fall swing. Also, with new additions to the school environment like the half day schedule, the greeters in the main hall, and the Raider store opened by the business club it made for an exciting beginning to the year. The leaves changed just in time for the beginning of October as the daylight shortened and the workload lengthened. Although students miss summertime it is always fun to see friends and take part in activates with your class. This fall, each class had their own activities that gave the classes a chance to socialize with one and other. Junior C. Dugan says "its hard to make the transition from summer back to school, but by mid-september it's fun to be back and learning!" This year the jukebox also returned to the cafeteria, which was a fun and exciting way to get the cafe rockin'. The seniors were back and ready to take their position as the dominant class. The senior women continued the tradition and wore their senior women shirts on the first day of school, expressing their pride for the class of '07. As the leaves were falling all the students were back into the the swing of high school and excited to have a fun, and eventful year.

"Being a greeter in the front hall is fun because I get new people every cycle to chat and socialize with." -C. Rannefors ('09)

Beginning to Piece Everything Together...'08 Style

The Class of 2008 Enjoys Being Juniors

Ever since the current junior class stepped into the high school as freshman on that brisk, September day in 2004, they were already aware of the pressures that lie two years ahead. Teachers, guidance counselors, parents and even students themselves psychologically build up for "Junior Year" like it the most crucial time of a child's life. It is amazing that this class of '08 can still make time to relax and have fun with their demanding schedules filled with sports, homework, clubs, music lessons, or art classes. The awaited college process begins junior year, and this added anxiety forces students to focus in on what the future may hold. Attempting to discover themselves as well what they will possibly do with their new self is a hard task to take on. Aside from the rigorous routine the third year of high school brings, most students are enjoying the perks they get as upperclassmen. Students can now have free periods without being trapped in a study hall. Many seventeen year olds are

beginning to drive, which provides the freedom every junior is dying to have. However, with these added advantages brings with them added responsibilities. Teachers pile on big papers such as the Junior Thesis for American History or the Independent Reading Thesis Paper for some English scholars. To blow of some of this stress, class officers P. Jennings, M. Edmunds, A. Valle, and K. Eisenstein plan events, with the help of student volunteers such as the Junior Boat Cruise. On the first day of November, some active students volunteered to "Blitz" popular, Wellesley stores to donate products or gift cards for the Junior Auction, which raises money for the class of 2008's boat cruise and the much anticipated senior prom. With many other activties throughout the year, the class was able to stay active and somehow manage to get through the gruesome junior year. The class of 2008 loves to have fun and is preparing for a great senior year to come.

Pieces of 2009

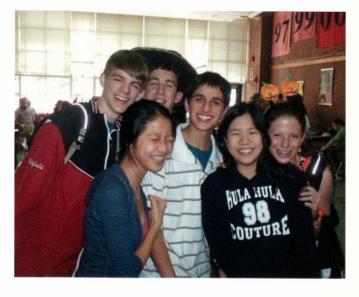

The class of 2009 returned to WHS eager to rejoin their peers as the sophomore class. "It was a strange, but good feeling coming back to the high school without the nervousness of last fall," says C. Meade. '09 made a jump back into the fall activities with a cook out to get pumped for the night game. "Our class officers and new events committee have been working extremely hard this year to plan and set up new class activities to bring '09 together," adds one of 09's

class treasures C. Rannefors. Preparing for the Needham Wellesley Thanksgiving game, '09 topped off the hallway decorating with a viewing of The Waterboy, complete with all essential movie-watching "Decorating the snacks. second floor worked up quite a hunger, it was great to relax with some popcorn for the movie," Comments K. May. Hoping to get '09 dancing, the sophomore class officers went to work to plan something brand new. Their efforts paid off when '09 was

granted a night of music and professional dancers to teach some new and appropriate moves. "The night was a huge success, even setting up for the night was an activity of its own," says C. Bashian. '09 jumped into fall, danced into winter, and was more than ready to get into the action spring. The energy of the fall activities put '09 in the right frame of mind for the rest of the 2007 school year.

The Class of 2010 gets a taste of the Wellesley High School

he class of 2010 came into the high school as a large and disjointed entity but quickly came together to make their first year a memorable one. They make up a fourth of the school and have become a commanding presence, through their involvement in the schools activities and opportunities. The freshman seem to be enjoying themselves with their "new found freedom and responsibility" says H. Yermal ('10). These responsibilities include finding their way around a new school, to more homework. J. Proctor ('10) has conveyed that the late days are fantastic and the food much better. The Freshman faced challenges assimilating; many more people, and harder tests were some of the obstacles they have overcome but as a whole they are loving the high school. "There is much more class pride and team spirit here than at the middle school" said A Hicks ('10) and F. DeAmicis ('10). The class has pulled

together and shown its freshman pride while they have also created an identity for themselves. "At first it was intimidating and hard to find our way about, but everyone was really helpful" added W. Darcy ('10). After the first couple nervous weeks of school, the class of 2010 became part of the school, bonding with the other grades and getting to know everyone. With a push from their new peers, the freshman jumped to join in the new opportunity of clubs and new athletic teams. L. Bolton ('10) says "The High School has such a great selection of clubs, it's a great way to learn about new people and get involved." The class of 2010 certainly didn't have trouble adapting to the, often overwhemling, large number of students in the high school and has become a great addition to our community. Class officers believe that the freshman started out the year very new and green, but have become and important part of the high school.

Let's get together

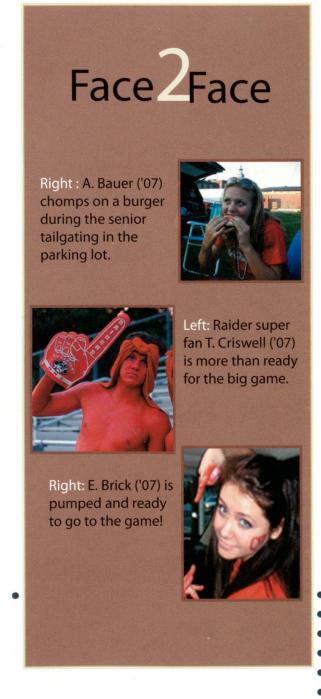

Wellesley High School students came together and got rallied up for tradiotional football season opener under the lights. Whether it was an organized class barbeque, or body painting in the parking lot, diehard fans were getting ready to support their beloved Raiders.

ophomores got together in the courtyard for some burgers and hot dogs to energize them for the game. "The barbeque was laid back, but it was a good way to get everyone really excited for the game,"

n the night of September 9th, fans were gathering in parking lot. Seniors swarmed the lot sporting their red and black getting pumped for the game. The cutest girl in 2007, Katie Pratt stated, " it was great to see the big guys on campus (the seniors) leading the surge of true Raider Pride."

ailgating brought spirit to Raiders fans, and hyped them up to support their team. This year, the traditions of former years continued. Groups of senior men painted their bodies with the Raider colors and letters, and the senior en wore their

Puzzle Perfect

Under the lights, Raider Football shines

As the Wellesley Raiders Football team burst onto the field, with the crowd cheering high, and lights glowing the field, expectations were set high and the team was up for the challenge. The night game is a can't-miss event at the high school. Each grade dresses in their respectable Raider colors, decked out in beads, face paint, ribbons, and ofcourse an enthusiastic grin. On friday September 8th, opening game of the season, the team was determined to beat The Braintree Wamps. Thanks to P. Jennings ('08) scoring in the last 45 seconds of the game, our Football team came out on top with an score of 21 - 20. Senior Captain, M. Snickenberger shared, "The team worked hard through all of the pre-season, so this was a great way to start off the fall football season." Snickenberger added, "We get a lot more excited for the night game because we have all our fans there, and we only experience it once a year. "The crowd was a strong contributor to the night game victory. N. Tosti ('09) states, "the night game is different because the crowd turn out is always at its highest and the crowd really gets us motivated." The game started out the 2007 senior reign and school year with a bang! Great job Raiders!

Students' Game Experiences

M. Guarente ('07), posing in the tight student section of the stands with E. Chlan ('07), shared that "winning the night game was a fun and exciting way to start of senior year."

L. Cannistraro, L. Marcil, and R. Sullivan sporting their Senior Women shirts with some red, white, and black beads to show their raider spirit. L. Marcil is representing the Senior class with the infamous "07" hand gesture.

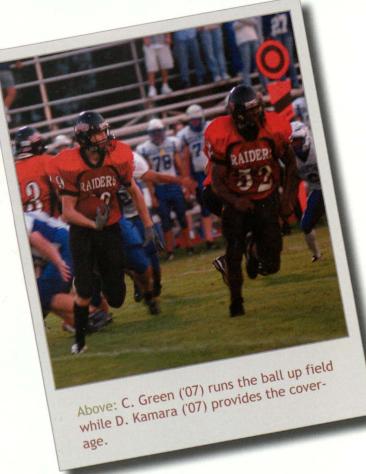

T. Criswell ('07) was fierce with his body art and determination for the Raiders to prevail on top. "Tailgating before the game while being covered in red and black paint got me really hyped and put me in the mood."

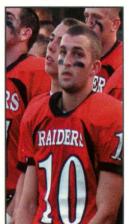

Above: Pep band performs with pizazz! J. Hsieh ('08) and the rest of the pep band get the crowd going with their lively music.

Right Cpt. C. Green ('07), cpt. M. Snickenberger ('07), and O. Harris ('07) take a breather from all of the hustle and bustle of the game.

October 31st, 2006 was a day filled with excitement and festivities. The seniors filled the cafeteria early in the morning to enjoy a nice breakfast and admire their class spirit. When the clock struck 8:15 a.m., students lined the hallways ready to watch as the seniors showed off their costumes. Unfortunatley the parade was temporarily postponed by an unexpected fire alarm. The students waited outside eagerly until they were able to reenter the school.

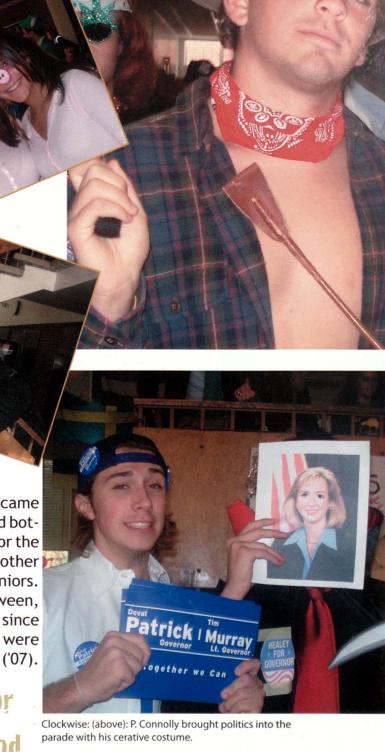

Finally, everyone went back into
the school and the parade began. With candy
(and condiments) in hand, the seniors paraded through the laughter filled halls.

"It was really funny this year because people were so creative with their costumes," says K. Guarente '09. Seniors came up with very original costumes, such as ketchup and mustard bottles, cereal boxes, pigs, and even a bed! It was a great way for the juniors, sophomores, and freshmen to stock up on treats (and other things, such as ketchup packets) thrown to them by the seniors.

"The parade represented more than just Hallloween, we [the seniors] have all been looking forward to this since we were freshmen, and it really made us feel like we were finally seniors, ruling the school." says Alex De Amicis ('07).

"The parade got me really excited for Halloween. The seniors did a really good job with the costumes."

Masterpiece

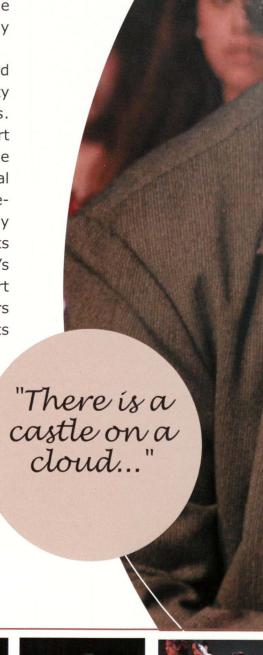

Performing Art students do it again with Les Miserables!

This year's students that participated in the fall musical decided to take on Victor Hugo's classic, Les Misérables. Adding on to the long list of 38,00 performances just by professionals world wide, WHS's version of Les Misérables hits home with both students and teachers. Les Misérables reminds us that we are each part of the same human family, and that whatever our outward differences may be our longings for individual liberty and peace are the same.

Originally a novel, Les Misérables was created into a word renowned musical and winning eight Tony awards and over fifty

other major theatre awards. These awards were in great part due to the men who turned the novel into the wonderful musical today: Alain Boublil and Claude-Michel Schönberg, with lyrics by Herbert Kretzmer. The students who participated in this year's production are proud to be apart of Les Misérables' twenty years of servicing a great story to its audiences.

This year's cast of the fall musical is probably the best yet, filled with talent. P. Conolly '07 exclaims "where can you go wrong with Andrew Neilson and this years cast." Giving credit to one of the many strong voices in this years production. Along with the many musical talents within the cast C. Roberts '08 gives a lot of credit to the teamwork, "It was really fun and we all came together as a cast to give a great performance." The cast also gives a big congratulations to O. Buckley '08 and D. Sullivan '07 who were accepted into the All-Eastern honor choir due to their outstanding performances in Les Misérables.

Piecing Together...

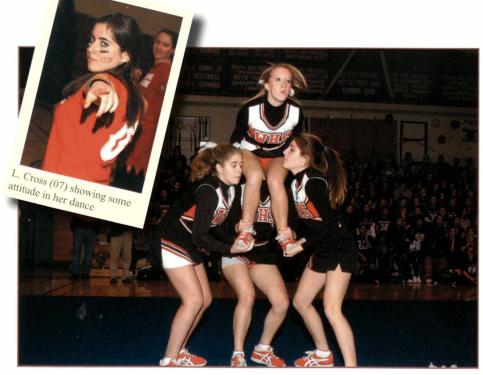

tradition

The Thanksgiving pep rally is something that students look forward to every year. Everyone knows that the Wednesday before Thanksgiving is a day full of fun and school spirit. With the business club selling the pep rally Tshirts for each class; every student came to school showing their class spirit. With the freshman in green, sophomores white, juniors black and seniors red; the student body dressed to impress.

The previous night the class officers and diehard class supporters gathered at the high school to decorate their designated hallways, displaying their class pride and support for the football players.

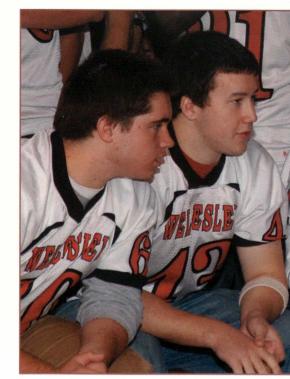

Pat Connolly and Brittany Crawford charmed the crowd as the emcees and ACapella performed the national anthem. To commence the rally a small group of sophomores and juniors performing a salsa dance choreographed by Yesinia Geronimo ('08). Step Squad demonstrated their style and rhythm in a spectacular performance. Arden Witheford ('08) said, "The step squad dominated this year, I loved it."

s a swarm of red took the stage, the 2007 senior girls were ready to show off their seductive dance moves as they danced for the classes. The pep rally ended with the comical announcement of the senior football players to get the Raiders and super fans riled up for the Needham game. The pep rally led to the Raiders Football team and Powderpuff Team wins trouncing the Needham Rockets.

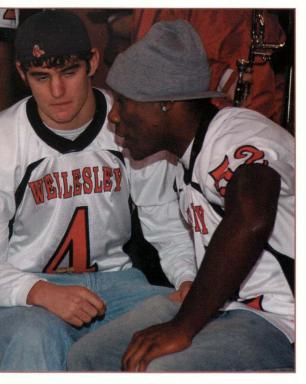

Above: A. Kaminer ('09) and E. Astrove ('09) getting ready to lift their teammate C. Brady ('08) in their cheer routine.

Above Center: Senior Women showing their stuff to the school.

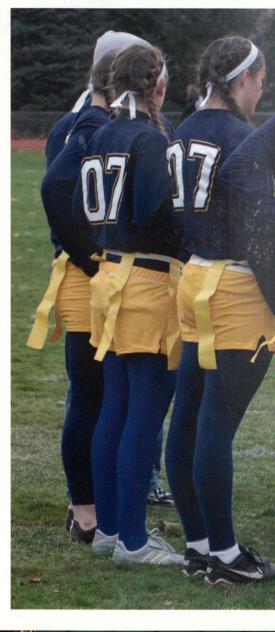

Break THEM Apart

Senior Women end the Losing Streak

'07 Senior Women worked their hardest to prepare themselves for the annual powderpuff game against Needham. Their weekly practices allowed them to form plays and work together to make sure they were fully prepared for the game on Wednesday. For the past few years, Wellesley has not been able to pull through with a win, which gave the Senior Women a stronger push towards victory. "We really wanted this year to be our year. It took a lot of dedication, but it was completely worth it," says M. Guarente.

Fans and family filled the bleaches to cheer on the girls in hope for success. The cold weather and harsh winds was clearly not enough to take down their spirits.

As the game started, the teams battled to see who would take the lead. Wellesley's coaches created an amazing play allowing A. DeAmicis '07 to run the ball to score an impressive touchdown. Unfortunately, it was not counted because of a questionable call made by one of the refs. Despite this let down, Wellesley continued to work hard and keep focus on their goal. Both senior women K. Pratt and S. Horn scored touchdowns allowing the Raiders to win 14-6, giving the grade of 2007 something to celebrate. A. DeAmicis shows the postgame feeling: "We were all so excited and pumped up after the game. All the hard work was worth it."

2007 Powder Puff Team gets together for a team photo before their memorable victory over Needham.

A Fitting Win

arly Thanksgiving mornmany families, students and faculty members arrived ham High School to watch another amazing performance by the Wellesley High Football Team. Though the weather was not ideal, the boys played a tough game and by the end of the first half Wellesley was ahead due to a swift touchdown by Junior P. Jennings on a 14-yard reception from J. Walker ('07). Senior N. Linkow ('07) then added an extra point. M. Snickenberger ('07)scored on a one-

plunge

team a second

the score to 14-0.

yard

touchdown 14-6. Nonetheless, the Raiders held the line and resisted the pressure, pulling off yet another Wellesley victory.

The game ended with a final score of 14-6. Reflecting back on the game N. Connolly ('08) exclaims, "It was a little sloppy, but in the end everyone left wet and happy." C. Pat-

ten ('08), a former football player, states, "The weather was lousy, however, the good time I had at the game made up for the rain!"

Inding the season with a record of 6-5 and a win against Needham was a great way to end the season on

a positive note. The two amazing wins by the senior men and women will be hard to beat. The talent, heart and determination this years seniors possessed will be missed, yet forever remembered and emulated by the underclassmen on the team.

ONE

United Under

Despite the loss of some important players, the Raiders football team managed to fill the gaps and create a team built around hardwork and teamwork. Senior captains David Kamara, JD Walker, Connor Green and Mark Snickenberger provided great role models for younger players to emulate. Even though the team endured some upsets and loses during the season, all disapointment was shed with the win over Needham to end the season on the right foot. Younger players stepped it up this year complimenting the senior forces on the team.

The most memorable part of the season was not their record but rather the intimate structure of a team that proves itself through dedication and heart. Senior star, Dan Pollick looked longingly back at the season saying, " this year we were a very close knit team, although we had our suspensions it didn't take away from the overall chemistry of the

group." of the 2007 footprescence ball seniors will be felt long leave the proafter they forever gram. And minds of their the mates will be team. the phrase, Wellesley High Football Rules."

Boys Seccer

A Learning Experience....

Loving Every Piece

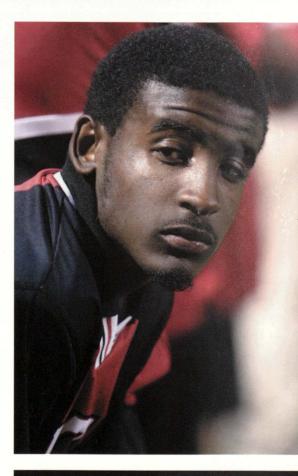

After making tournament in fall 2005, the boy's varsity soccer team had high expectations for this season. Starting the season off well, the boys won 1-0 against Mansfield and followed with another win against Norwood. With five wins and three ties the team stayed determined to stick together and finish the season in high spirits. Loosing ten games could have made it difficult to stay focused, but it seemed that the team only saw the loses as motivation to win the next. Senior Captains A. Shirely,

A. Fishman, and P. Brannigan kept the team playing at their best and pushed everyone to keep their minds on the game. Not only was the team supportive of one another, they also had the support of their peers. The night games brought out the crowds. "The games are great, everyone gets really into it and has a ton of fun cheering on their friends!" says A. Alvin (09), a very supportive fan. The team ended the soccer season with ten loses, three ties, five wins, and a team ready for a successful 2007 season.

South Sectional Finalist Tear It Up."

With thirteen seniors this '06 season, the Raider's had a great deal of experience and leadership. The leaders of the Girl's Soccer team were captains Katey Sconti, Ellen Kimball and Kayla Ringelheim who all agreed with Kayla's statement that "this year was successfull because we were more connected as a team which let us have more fun". The girls, stacked with many seniors, some juniors several sophomores and a couple freshman, started off strong with two wins and then got into a tie-win slump. "The reason we tied so much was because our offense had trouble getting the ball in the back of the net", explained junior midfielder A. Witheford. However, at the end of the regular season, the Raider's upped thier intensity and played "some of their

best soccer of the season" says coach Nancy Foot. The girls badly beat their rival Dedham in the beginning of the season and beat them again at Dedham to prove their power. The girls were placed seventeenth seed in the tournament, and

beat off highe seeds, but sadly lost a well fought game to the number 2 seed.

SWIM FOR LIFE

"We had alot of fun..."

With Intense practicing, invigorating meets, and uncomfortable swimwear the girl's varsity swimming and diving team still found a way to have a great year. Sophomore D. Ewanouski explains, "We're doing well this season but we've also had a lot of fun and we have had a great group of captains".

The variety of ages on the team led to a great team bonding and unity. Captains E. Fink ('07) and K. McAuliffe ('07) have worked very hard to pump up the team before meets and do a great job of showering their enthusiasm and good ideas among the

Left Center Wellesley Girls Varsity team mate works her hardest to beat her opponints.

girls. "The team has worked so hard this season and its such a rush when we see Wellesley High School students there to cheer us on!" explains Junior N. Ewanouski when asked about the turn out at the meets. Though the teams record was not as great as they had planned, their hard work was clearly seen. The scores were not a problem for the girls on the team left the season with new freinds and closer relationships.

In September 2006, the girl's swimming and diving team traveled to Province-town to participated in "Swim For Life". The girls worked to support the awareness of "AIDS" and help in the benifit. Their support was needed and respected and help create even stronger bonds for their team.

Below A. Prives ('09) concentrates on the pool water before her heat.

Unity on the Court

ellesley High School students have been working hard to achieve athletic glory year after year. Girls Varsity Volleyball continued to keep the school spirit strong with a great season filled with dedication and commitment. Coaches Wayne Lem, Chris Gelinas and Weylin Chin kept the girls focused on playing hard and working together. The hard work paid off in the long run. During their great season, the girls were excited and proud of their work. "We're all really close and it helps on and off the court," C. Stone ('09) says of her teammates. The volleyball team has learned that success comes with focus and commitment. The girls started out the season with a loss to Lincoln-Sudbury, but that didn't put their spirits down.

They bounced back with a five game winnings streak, only to lose to Natick.

owever, the Raiders were still able to clinch tournament against Braintree with a 3-1 win. Looking towards tournament Coach Lem, Coach Gelinas as well as captains Stephanie Bleyendaal ('07) and Sarah Gotschewski ('07) all had high expectations for the team. Captain Bleyendaal ('07) said "We really have worked hard all season to get into tournament and this is the best team we have had in a long time so we are expecting good things."

Infortunately, the Raiders lost in tournament against Medway. The team was disappointed to see the season end, but the player still felt that they gave it their all.

Participating as a hole...

2006 Varsity Golf Team

The 2006 golf season was a very successful one for the Wellesley Raiders. With a 16-1 record, they were a strong team with contributions from all members. Will Bachman ('08) stated. "This year we are lucky to have solid under classmen performers. They proved themselves and really earned their spot, and respect from all other teammates." With experienced underclassmen the Raiders will hopefully have another successful year. Peter Bradley ('08) reinforced that, "the team has re-

ally come together, it's been a positive year." With ample members of the team returning next season, they will all be able to start off on a good note. "This year the team has nicknames for one another." said Chris "Shooter" Crane ('08). It's been all the little things like this that have brought the team together with amusement. This season was the first time the golf team has lost in three years. But don't let that fool you... our talented team easily made states, and never lost a home match.

Upper Left P. Bradley ('08) holds a pose as he waits to see where the ball will land on the green.

Repiecing

Together

ast year both the boys and girls teams had near perfect seasons. The boys team could not have asked for more ended their season Herget, Bay State and Division Champions. Nevertheless, the teams set the bar high expecting nothing but the best. Entering into the 2006 season, Nick Caroll ('08) commented, "I think it's going to be the best season in Wellesley High School history." The teams have adapted well to the loss of many 2006 runners and the gain of those in 2010. When asked about the change, Tim Robinson ('10) stated that, "Cross country at the high School is a lot more intense and competitive than cross country at the Middle School. I like it here better because I have to challenge myself to do well in races."

my

In addition to the changes in teams, this season was much warmer than the usually cold fall. Still, the boys and girls cross country teams tried their best to perform at their highest ability. "The warm weather was better for running and made the long races more enjoyable," said Sarah O'Brien ('09). O'Brien was not the only one who enjoyed the races. Paul Matteis ('07) said, "I love the races.

Even before is fun. In fact, the starting line is the best part because I get to see my friends that I know from other towns. It's fun to socialize with the kids I've met from previous meets who I don't usually get to see except during cross country season."

The members of the Cross Country teams finished the season off with two very impressive records, surpassing their expectations once again. Wellesley Cross Country has become a dominating force in the Bay State Conference and once these senior stars leave, the younger runners must step up to continue the tradition.

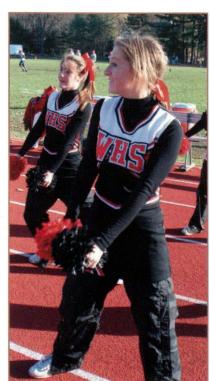

- 1. M. Gnirke ('08) and F. Richardson ('10) pushing each other through the grueling course.
- 2. M. Johnson ('08) makes cross country look like a breeze.
- 3. R. Klehm ('09) getting a helping hand from the lovable Coach Pearlman.

Returning from Christmas vacation is never an easy task for students, neither is surviving through the wintery season without a snow day. This year the weather was unusually warm for a better part of the season, then an arctic blast settled in for a remainder of the time giving the students their well deserved snow day. The unpredictable weather was complimented by a series of delightful winter events which helped the students endure the inclement weather.

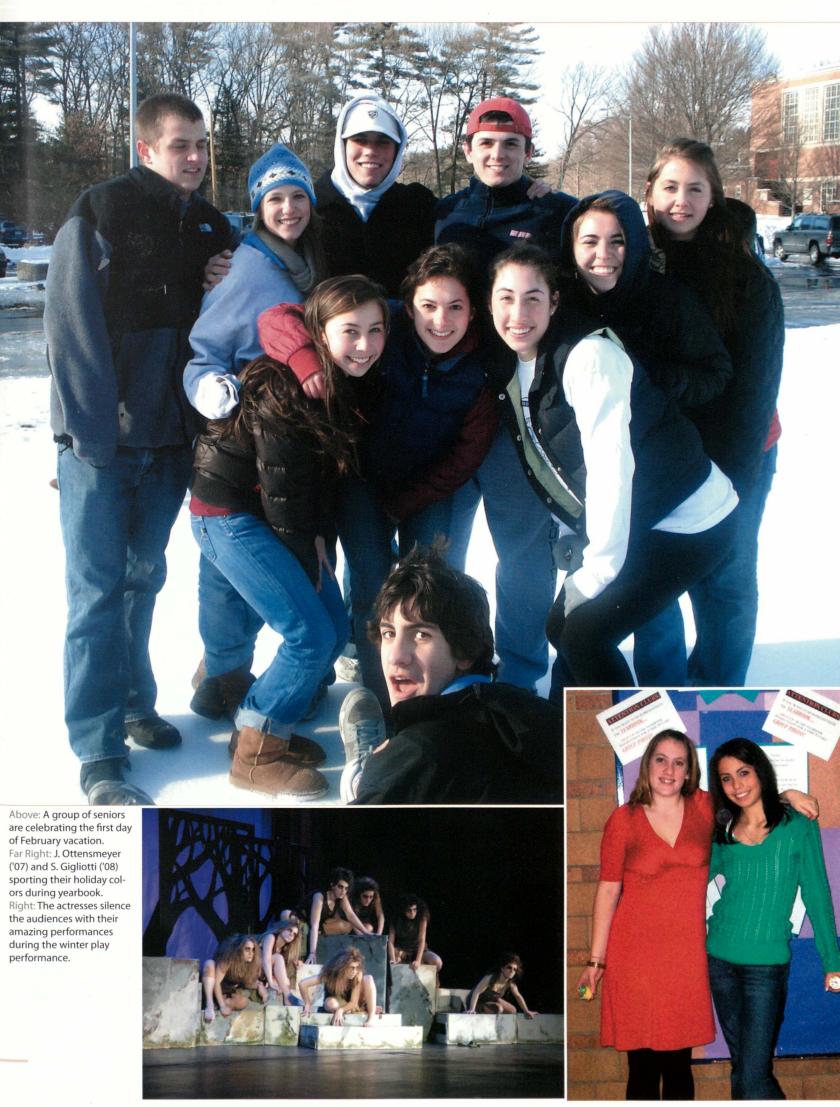

Turmoil enveloped the high school as second term commenced and seniors were ticketed for "invalid" parking stickers, which was ironic because "valid" stickers were not yet dispensed. As a result, the senior class alone was ticketed \$40 a car and the school was about to gain over \$2,000. Students and parents protested this injustice, and eventually these parking tickets were dropped to \$20 which never completely satisfied the seniors but they took what they could get. Many seniors did not get parking this year, and with class sizes only getting bigger, the school must look to other places to fulfill the needs of the student body before it gets too out of hand.

Valentine's day was snowed out, giving juniors more time to finish their thesis papers and seniors yet another reason to say why they are better than the rest of the school. Valentine's were distributed the day after giving sweethearts an extra day to express their love.

ey Club held its annual teacher luncheon, where students expressed their appreciation for their teachers. Mr. Brazier mused, "I love the teacher luncheon, there is always enough food to fill you up!"

As the long vacationless month of March commenced, the student body entertained itself with various school events such as Acastock, Dark of the Moon, Seminar Day, Game Night, and the annual 2007 concert. Also, the student body enjoyed traveling to all the tournament games that the Wellesley winter sports team participated in. As Steph Horn ('07) said, "I will follow these teams all over the state and cheer them on no matter how scary the other team is." These tournament games and various student organized events filled up

the schedules of the student body, giving them much needed breaks from work.

Pieces of Sty Branch

Late on the night of February the 13th snow began to fall and excitement filled the air the next morning when students learned there would be a snow day. Valentine's Day, February 14th was a day of jubilee. A day filled with candy eating, card opening and empty of the stress from school. Although there was some confusion of what would happen with the singing valentines, A Capella and Rice Street picked up the slack right away the following day and serenaded the students with their sweet songs on Thursday.

"The singing valentines really made the day feel special, even though it wasn't valentine's day" said Caroline Dugan

('08). Many of the they enjoyed the hear the singing. "I and hearing the Rice singers when they to deliver their The Singers of

students voiced that breaks in class to really enjoyed seeing Street and A Capella came into my classes singing valentine's.

Rice Street and A

Capella really went all out this year. The groups of singers sported pink and red outfits and never missed a beat while serenading their beloved classmates. Overall the day after Valentine's day went superbly, as Valentine's were exchanged and singing filled the school.

A HILLING CASI

DARK OF THE MOON

his year's winter play, Dark of the Moon, was a dark and mysterious tale that entailed witches, conjures and a religious southern community. It was about a "Witch Boy" played by Matt Taylor ('08) that wanted to become a real man so he could marry the girl of his dreams, Mary Allen played by Rachel Child ('08). Its enriching plot follows "Witch Boy" through his marriage to Mary Allen and as the story unravels hints of him being a witch are revealed. At the end "Witch Boy" turns back into a witch and Mary Allen lies dead on the stage as punishment for breaking the conjures rules. Nick Carroll ('08) commented on the play and said "The acting was phenomonal and Matt Taylor looked great without his shirt on." Acting Director Stephen Wrobleski commented on his choice for this years winter play. "I wanted it to be something different from last year, something dark." He added that "this year we had many different elements coming together. The band, the costumes, the set, and the witches' movement all blended well together." And clearly the judges at the preliminary festival agreed because the cast not only moved onto semi-finals but took home a handful of awards. They received four individual acting awards, an ensemble award, a band award, a costume and makeup award, a won sixteen awards. Matt Taylor and Devon Colella ('08) each took home individual acting awards, and the witches and the band each received ensemble awards.

The spotlight shines on A. Gates ('07) as she gives advice to her fellow love-struck witch, M. Taylor ('08).

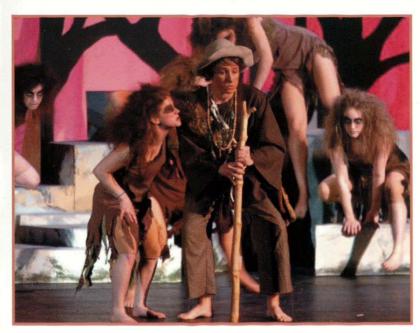

stage management award, and a set design award. The witches won an ensemble award and it was rightfully deserved as they lingered in a group cackling with their tangled hair and moss covered dresses. The cast also enjoyed mingling with other schools and watching other plays throughout the day. At semi-finals the cast had an outstanding performance and

The judges also chose the cast to move on to the finals, where they competed against the top fifteen schools in the state. They continued their success and became state champions for the second year in a row. When asked to comment on the plays success Matt Taylor said, "We're just a bunch of whacky drama kids."

"The makeup and costumes for the witches were great and fun to wear."

-Abby Davids ('08)

Finding The Right F

Seminar Day

The tradition of Seminar Day has always been exciting for WHS students.

It is the one day in March where instead of stressing about tak-

ing notes or quizzes, students can sit back and enjoy

speakers, teachers, and even their own peers. This year, Seminar day was held on March 14th, and organized by NHS as always. Sophomore Chloe Bashian says "There were lots of fun options to chose from this year, and they were all so different that it made for a great day! My favorite was probably the Rice Street and A Capella singing seminar!" Other peer

seminars included making ice cream with Jenny Wong ('08), as well as learning how to salsa dance with Yessenia Geronimo ('08) and tips on Fantasy Baseball by Tim Hill ('07). Maggie Edmunds ('08) enjoyed all of her seminars, but she says "The

most interesting one was about the homicide that took place a few years ago in Wellesley where police officers explained the case to

us." Other Seminars ranged from learn-

ing how to Irish Step Dance, to playing floor hockey, to meeting the new

principal, Mr. Keough. Overall, Seminar Day

was a success and a "fun for all day" says Sarah Grant ('08).

"It was actually really in at the Irish step dancing seminar, they sure are ready for St. Patricks

"it was actually really in teresting, and was nice not to have school- it was fin learning!" -M. Daniel ('10)

"Katrina Serieko's seminar with water colors in the art room really helped my find my artistic side."
-B. Flynn ('08)

Carry

"Our destiny will be determined within this locker room."

he Raiders boy's hockey team has been tormented all year by their previous disappointing season. A team that seemed to be crushed has resurrected itself into a team full of passion, aggressiveness, heart, talent but most importantly: confidence. With the leadership of lovable senior captains, Carl Murphy and Trevor Ballantyne, the team has tirelessly worked together to create an atmosphere where each member has a place and a say in how the team is governed. But the success of this team lies not only in hands of the seniors, but in those of the younger players. The drive and talent that these players possess has helped solidify the bonds needed to have a tournament worthy team.

The team could best be described as being "against all odds", coming into the season with a new coaching staff, not really knowing expect. But with what to t h e guidance of the legend-

ary Paul Donato, this team has always risen to the challenge no matter how impossible it may be. From playing ranked teams such

as Framingham, Weymouth and Needham, to overcoming injuries and gathering a fan base that follows them to all their games, this team has erased all doubt.

Captain Trevor Ballantyne praises the new coach saying, " Coach Donato is a great coach, and I hope for the sake of the program and the younger kids in the system that he sticks around." His love of the game, experience, and instinct has led this team to a long awaited and well deserved winning season.

Coming into the tournament the Raiders were seeded 5th. With Babson overflowing with fans, the overwhelmed team rallied back with a heart wrenching 2-3 loss to Xaverian. However, with most of the starters coming back next year, they can only get better.

ON THE ICE AS ONE

Girls' Varsity Hockey Fights For Success

Ith their Division 2 Championship victory in the past, Wellesley's Varsity Girls Hockey team was ready to face a new year of challenge and excitement. Advancing to Division 1 for the 2006-2007 season, the Raiders were prepared for the stronger and faster teams that they were going to face. Captains Meg Guarente, ('07) and Dani Murmes ('07) and assistant captains Becca Mur-

> phy ('07) and Andie Kelly ('07), worked hard to prepare team of mainly underclassmen for important year. Losing so many key players from last season's

Campbell, and assistant coaches, Tom Hammond and Chris Forde, the challenge of making sure the girls were both physically and mentally ready. Although the Raiders had a rough start to the season, the team continued to have faith in themselves, no matter what the outcome of the games were. "Our team was really close and it shows on and off the ice," Kristin Guarente ('09) says about her experience on the team. The Raiders pulled it together towards the end of the season, winning games including their first tournament game against Newton North. Caroline Bunting ('09) shares her team spirit: "Every game we improve more and more, which gives us a lot of confidence going into games where we are the underdogs." The Raiders intensity and spirit allowed them to work hard together as a team and achieve many important goals throughout the 2006-2007 season.

team gave head coach, George

Tenacious Collaboration

Take it to the hoop

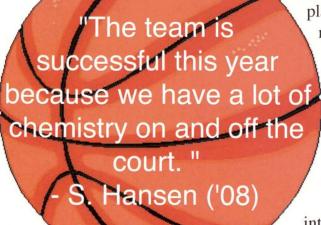

season.

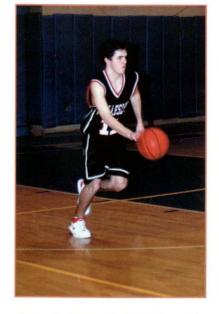

This year the boys basketball team has a new line up of players, but the same determined goal of returning to the playoffs. Although they lost four, the athletes maintain their vision of making another run toward the tournament this winter. Holding down the front court for the Raiders are senior captains

D. Witheford, D Polick, M. Russell and Coach Luke Day. D. Conway ('07) expresses his excitement for home games, "It's fun to

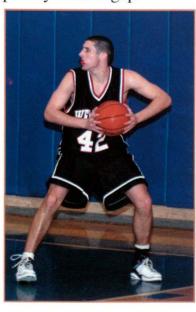

play in front of family and friends because it gives us good motivation to play our best." The guys dress in unity during the school day to get pumped for games and show their dedication to the team. B. Tanner ('07) shares, "I like looking sharp at school when dressing up for basketball spirit on game days because it's professional and classy." With the teams talented captains and strong set of underclassmen, boys basketball was with out a doubt successful this

The boys team made quite the Cinderella story heading into the Tournament. Just getting by in fantastic games, this team trounced Dennis Yarmouth, Falmouth and O'Bryant all by only a couple of points. However,the team fell to Nauset High School in the Semi-Final round. The heart of the team, the seniors, led this team to numerous victories and powerhouses such as Michael Russel, Derek Witheford and Brian Tanner will be surely missed next year, but rising star will hopefully fill that gap.

Unity On and Off The Court

2006-2007 Wellesley Raiders girls basketball team was truly put to the test going into the season. Unfortunately, their earliest games were some of the toughest teams in the league. Coming up one game short from tournament last year, the team set a goal to not relive the same heartache and win enough games to qualify for tournament this year. With only three seniors leading the team, people had their doubts over whether or not they could do it.

owever, despite a tough start to their season coming in 2-5, to everyone's disbelief, the players stepped up and exceeded everyone's expectations. Despite the tough competition early on in the season, they did not give up, and they won their last 10 out of 13 games, ending

up with an overall record of 12-8. This enabled them to qualify for the state tournament as the 10th seed of the division II South teams

n tournament they played Hopkington High School and lost a tough game, abruptly ending their season. The team was devastated, yet very proud of getting into tournament for the first time in three years. "The season was definitely one I'll never forget," said senior captain Lily Cua, "the attitude of the girls was always positive. We were able to laugh and have fun often but still work hard and efficiently when needed." Many girls on the basketball team described their season this way; their frequent team bonding and development of close friendships, as well as their hard work and commitment made this 2006-2007 season truly memorable.

Intertwined As A Team

Raider Wrestlers kicked off the '06-'07 season with a win against Dedham. The victory was an inspiring beginning to a hard-worked season. The wrestlers put tremendous time and dedication into the team. "Despite the fact that it was a rebuilding year we made a lot of progress and history throughout the season. We had devoted seniors and passionate freshman that worked well together," told Ned Daunis ('07). The team's chemistry and perseverance showed in their record in the bay state league that was 5-6. The boys and coaches were delighted with these results. Coach Wassel and Coach Ricci worked hard with the team during practices. They both constantly gave the boys enormous amounts of encouragement and training. There was a large amount of freshman on the team so not all of the members had several years of experience behind them. Greg Stravinski ('07) stated, "even though we were really inexperienced our hard work paid off at our last match against Needham. It was a great win." The team beat Wellesley's archrival Needham by a whopping 26 points. The wrestlers overall had a great season with outstanding results.

The team is comprised of many extremely talented wrestlers. Four wrestlers, all seniors made it to Division II States this year. To qualify to go to the State tournament, a student must place in fourth or above in his weight range at sectionals. Ramsey Khudairi placed fourth in the 140 range. In the weight range of 145, Ned Daunis placed third. Andrew Kellogg, in the range of 135, placed second. Greg Stravinski won sectionals in his weight range of 125. All of these wrestlers were ecstatic to go to States this year. Greg Stravinski won Division II States in 125 and wrestled at All-States. All-States is a tournament with Divisions I, II and III. Greg Stravinski placed fourth which is a huge accomplishment. The team is comprised of many outstanding members but the team as a whole is what enabled them to have such an exceptional season.

IN STEP

Dance Team

uring half time at the Boys Varsity basketball games fans are entertained by the vivacious moves of Wellesley High Schools own dance team! With a whole new group of girls and fresh routines this year is supposedly the best yet. This years new moves make dance team look better than ever. According to many members of the team, the music and choreography has immensely improved. "The songs are much better and it's good how the moves aren't as robotic. The music fits really well with the new choreography," says Ellie Caple ('09). The praised improvement in dance moves and routines could not have been achieved without Lauren, dance team's new assistant coach and teacher at the Wellesley Middle School. Alison MacQuarrie ('08) appreciates the change saying, "our new songs like 'Sexy Back' and the 'Saints are Coming' definitely appeal more to the crowds." Strutting their stuff onto the basketball court ready to start off their routine the dance team kicks it off with some leaps, jumps, and straddles. Captain Andrea Wiley says, "This year the team is a lot more unified and we work really well together." ance team is not just a piece of cake. During the week after school the team undergoes grueling practices learning routine after routine. "It takes time and determination," says Meredith Prescott ('09). seems to be very true seeing that you have to audition and make the team first. Only thirteen of the many that auditioned got a spot on the team. "You have to be very willing to work real hard off everyday," exclaims Taylor Friedman ('10).

his year, dance team was entered in Bay States and Headliners. With no surprise, the team came through with flying colors finishing up in 3rd place. "We worked really hard and it definitely showed!" says Michelle Vivian ('08). With the season winding to end, this year seems be dance teams' best!

"Dance team is an awesome way to meet new people and do what I love!" -M. Prescott ('09)

each ströke brings them chiser to victory

The Boys Varsity Swim Team splashed into another successful season. With a team of twenty-four, the boys were able to pull out a final record of six wins and 2 loses. When asked about how he feels about his relationship with his teammates, P. Zaberiskie ('09) says, "I feel as if we've really come together as a community this year more than ever. Things like everybody shaving their heads has made us bond and unite!"

Senior captains, Zack Seacrest, Josh Kopin, and Tommy McCauley are currently leading the 2007 team, but are hoping they've helped develop what will become a strong 2008 team. This year there were two members of the swim team that the team is especially proud of. Junior Michael Mooney came in first in the 500-Freestyle, while sophomore Rick Sykes came in first in the 50-freestyle.

"We have team dinners following every swim meet" says B. Hanes ('08), "It was a fun season for me, I felt like I was able to get along with my whole team, and take new friends away from the experience." The Wellesley Boy's Swim Team was able to come together for an impressive 3rd at Bay states! Even though their 2007 season has come to an end, things are looking hopeful for the 2008 Raiders!

The winter was off to a rocky start with almost no snowfall, making it difficult for the ski team to hit the slopes. At the end of January Taca Yamagucci ('09) said, "Blue Hills has been closed now due to no snow, but we have a downhill race scheduled for next week and I'm pumped." While Blue Hills waited for snow, races were held at Wachusett and Ward Hill. All thanks to man-made snow, the ski team was able to participate in the cross-country races held at Leo J. Martin while the team crossed their fingers and hoped for a blizzard. "We've been keeping our hopes up and really preparing mentally, we're more than ready to get some races going," added Pax Anthos ('09). All the hoping and praying paid off as the first of several blizzards covered Wellesley with snow just in time for Valentine's Day. With the most points after eight races, both the boys and the girls finished first in the Mass Bay Ski League East.

Wellesley racers kept up the efforts at the MIAA State Alpine Championships racing against twenty-three other teams. The girls raced right into second and the boys snatched an outstanding fourth place. One of ski teams fabulous captains. Emily Brick ('07) helped lead the team with an 18th- place finish in the slalom and a 14th-place finish in the giant slalom. The boy's had a firm finish with captain J.D. Walker ('07) finishing 13th in both the slalom and giant slalom. Always able to stay positive, ski team's captains Katherine Brown ('07), Elizabeth Stoebel ('07), Chris Koch ('07), Mari Oye ('07), Emily Brick ('07), and J.D. Walker ('07) gave the team the push they needed to succeed and too keep spirits high when the chances of snow were little to none. The ski team pulled it off a fantastic season and ended with great anticipations for the next season.

Together At The Start Apart At The Finish

Wellesley High School had a powerhouse track teams for several years. Varsity indoor track adds strength to Wellesley's athletic department with a lot of integrity and determination. With practices everyday, the varsity girls and boys indoor track teams step it up in their meets.

The first meet for the teams was on December 14, 2006 and their grueling practices clearly paid off. Both teams' scores gained them a victory against Norwood High. Coach Ash's strong opinion of the girls teams was seen in the smile on his face after each meet. Coach Ash explained his admiration for the team, "We had a very deep team with lots of talent and good leadership from our captains and many of the seniors."

Senior girl captains Lindsay Marcil, Ellen Kimball and Calia Heyison took the time before each meet to talk to the girls and pump up the

team. The girl captains are a asset for the girls indoor track team. Indoor track senior boy captains: Nick Linkow, Alex Shirley, Eli Freiman and Brett Epler are not only great athletes but bring their enthusiasm and ideas to each meet. "The boys captains work really hard and set good examples for the other boys" explained Peter Jennings ('08), who just recently became a varsity runner for the boys team.

Each teams' strong determination is expressed by the scores of their meets. When under pressure the teammates push themselves to the limit. "Tommy Mayell is really fast," explains Mike Abrahams ('08), a former track member, "especially when someone is on his tail!" The excitement of the meets and the final sense of accomplishment after winning a race makes the track team a worth while experience for runners.

National Honor Society

40 students were inducted into the National Honors Society in May 2006. The elected officers (pictured left) led the group in their service and fundraising activities. This year's annual Thanksgiving Pie Sale was the National Honor Society's biggest yet. Each year the funds raised are donated to an

organization of their choice. "It went well. I think everyone enjoyed the pie," said co-President

J. Ottensmeyer ('07). The club also organizes the Red Cross Blood Drive in April, which proved to be a big success. From fundraising to tutoring National Honors Society donates their time to benefit others.

Key Club Helping the Community One Piece At a Time

The Wellesley High School's Key Club is constantly contributing their efforts to our school and the Wellesley community. From the annual Teacher Luncheon to varying events including benefit walks and school supply drives, Key Club can be counted on to put in the time. This

year's Teacher Luncheon was held on Wednesday February 7th. The luncheon is an opportunity for all Key Club members to come together to thank Wellesley's faculty for their own efforts. "It felt really great to see everyone

contributing something to give back to Wellesley's staff," says Mikaela Curtin

('09). One event that started off the new academic year was the Walk to Cure Diabetes On October 7th. The walk began at the DRC Hatchshell and attracted over 10,000 walkers and raised over \$1.65 million for the Juvenile Diabetes Research Foundation International. "It was great to see how many other schools, communities and families contributed their Saturday to raise money for such an important cause," adds Caroline Tierney ('08).

Something new to Key Club and WHS this year was the Bread and Butter

club. Every Saturday evening club members cook and serve food at the Harvard Square Homeless Shelter. Organizer of Bread and Butter, Ana Wolf ('09), quotes that Bread and Butter is an "Enriching experience that helps to make a small difference in the days of the people at the Harvard Square

Homeless Shelter". Key Club is the largest club and the Wellesley High School and growing. "The club is not only a way for students to give back to the Wellesley community but to reach out and give a hand to communities all

over the world" says President of Key Club, Jessica Eng ('07). Key Club's adviser Mr. Fan-

Club's adviser Mr. Fantini and the club's officers Jessica Eng ('07), Mark Jelinek ('07), Wendy West ('09), Barbara Jiang ('09), Abby Alvin ('09), and Umang Jain ('09) work hard every day to organize and schedule new ways to help out. Their outstanding effort has made Key Club the largest club of WHS. With a 30-hour requirement, each Key Club member collectively adds to the 4,200 hours that Key Club donates on average to serving the community each year. Every piece of Key Club counts with 140 students currently helping, Key Club is able to continuously spread their positive influence.

LEARNING TOGETHER

Asian, Spanish, French, Latin and German Clubs

The language Wellesley clubs at High give all students a chance to share culture, practice speaking the target language, as well as engage in fun activities after school with their peers. Wellesley High students are extremely involved in extra curricular activities, not only because they are extremely accessible, but also because the leaders and the club advisors are so enthusiastic about the subjects. All language clubs meet just about every week in a designated room; where the kids discuss future activities such as bake sales, ski trips, ways to raise money, field trips and just to hang out. This year the German and Latin Club met on January 22 in the upper gym to play their annual floor hockey game. The German team defeated the Latin to send money to children in need in Spain. Also the German club held a bake

Above: K. Heyison ('07), C. Demeres ('07), Mr. Esposito, A. Welker ('07), and E. Holonea ('07) all dressed up for an evening with the Latin club!

club with a score of 12-1, however both teams played intensely which made for a great game. In addition, the Spanish club held a bake sale raising money

sale in January on the mez to raise money for the club so that they could buy tasty German treats from a German friend. Furthermore, the French club decided

to take a trip to Quebec on a weekend in March. Also the clubs often meet to make foods that come from the culture of the language. The French club met to make French crepes with chocolate, sugar, fruits and all sorts of toppings for a taste of French culture. Also, the Asian club has held fun after school activities making Asian foods in the cooking room right in Wellesley High in the kitchen. Overall, the after school language clubs have been a huge success, allowing for the kids to further expand their knowledge of the languages outside of the classroom. "The great thing about language clubs is that they are stress free, but still educational, its awseome!" says K. Eisenstein ('08).

Above To The Right: The German club (left to right) T. Hill ('07), H. McPhee ('10), D. Matera ('10), T. Criswell ('07), E. Kreig ('08), M. Higgins (08), T. Hill (08) 2nd Row: E. Stoebel ('07) B. Cochran ('08), C. Kellogg ('08) and 1st Row R. Straskulic ('07).

K. Field and M. Lederhos ('07) are getting read to go out on Republican adventure—shopping.

Wellesley High School Students Participate in Clubs that address current issues of the World

Model UN is a group of students who participate in regional meets around New England. The aim for these nieets are for the groups of students to simulate the United Nations. The students split into small groups that represent real countries in the United Nations. History teachers Berenson and Tallevi are the faculty advisors. They propose compromises and find solutions to problems and voice their opinion on topics. "The best part about Model UN is having fun with my friends and devising plans by using everyone's ideas", expresses Aria Varestah ('08) who is a three-year Model UN member.

One of the Debate Club's topies was assesing the ability of Hilary Clinton as the potential leader of our country. The opinionated yet respectable club meets Thursdays in the Little Theater—a great setting for a heated dispute. The Debate Club is an eclectic group of seniors, juniors, sophomores, and freshman. Duncan Fraiser ('08) says "Debate club is the bomb. It's so chill and get to go to Washingston". The club went to Washington D.C. for a competitive debate where individual awards were recieved. Sophomore Phill Zabriskie was credited best speaker. The debate club has a great

who are not very strong in actual debates bring great points that everyone takes into account".

The Wellesley High School student body is very diverse regarding thier views. Politically, students of all grades are starting to have a political party of their own individual preference. The Young Democrats meet to discuss current events regarding their beloved Democratic party. The Republican Club is made up of many different people but they are unified by their maroon jackets that sport a symbolic elephant. Currenly, the presidental candidates are so diverse that these groups have had much to talk about

"When you know a thing, to hold that you know it; and when you do not know a thing, to allow that you do not know it - this is knowledge."

-Confucius

ACADEMIC DECATHALON

Competing for academic excellence is both an individual and group effort. Each member of Academic Decathlon mentally prepares for each meet and gives it their all. At the end of the competition each teammate's achievements are accumulated into a group score. This scholarly team represents the Wellesley High School. It meets in the English room of their club advisor Mr. Gallagher. Anyone can join but your scores are based off of your grade point average. "It's fun because everyone has their fields that they excel in", Matt Young ('08) states when he was asked to voice his opinion. Emily Langowitz ('08) was a top scorer. On March 1, Acadec performed very well on their assessment their topic of Asain Culture and studies

MATH TEAM

The Math Team challenges themselves by competing with other schools. The members take on everything from huge world problems to proving theories. Jin Jang Zong ('09) says that, "Math team is fun because a lot of my friends are in it and we just relax but we get really competitive too!" Most students on the Math Team excel or are interested in math but, also, some Math Team members join to further their knowledge in the subject. Mr. Fantini is the club's advisor.

SCIENCE TEAM

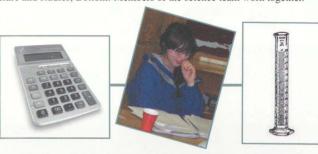

The Wellesley Science Team was busy this year with Mrs. Green as thier advisor. In thier competition that was held in Bedford, a team of mostly '07 scholars placed 4th. This team included Jenny Chilton who said, "The competitions are fun no matter what you place." Another team of girls from the junior class composing of Samantha Finn, Danielle Sabatier, and Amy Steingart placed eighth overall. Also, an engineering team got 4th place.

AcaDec

Students apart of Academic Decathalon thrive under pressure. During their meet this year, junior Emily Langowitz said that, "It was fun taking the test because it is all on what we have been learning about Asian Culture this whole year through our club meetings".

DIECING TOGETHER THE STORY

Below: Red Ink members, T. Harada ('08), K. Smith ('07), and S. Levine ('07), take a break from their lives as the literati to pose for a photo.

Right: C. Colin ('08) and C. Egan ('08) work hard in Bradford class to write new stories.

Yearbook, Bradford, Red Ink and Poet's Society

Wellesley High School's writing publications are fun ways for students to reach out and express themselves. While Yearbook, and Bradford are classes you can take as a student, Red Ink and Poet's Society are clubs that are open to all.

YEARBOOK When asked about yearbook, Colby Kotzen ('09) says, "It's fun to work with friends and put together a great yearbook." And that's exactly what the staff is doing. For five consecutive years, the Wellesleyan has been an awarding winning yearbook. Senior Yearbook editors, Alex DeAmicis and Jane Ottensmeyer have worked hard with their staff. "The theme this year was puzzle pieces. It is fun to work with, but, it gets tricky to think of titles for each page." Stephanie Gigliotti ('08). This year, the "Varsity Yearbook" staff handed out for the first time, the Supplement on disc. Junior editor Arden Witheford, commented, "I like working together with the class, it is like a sports team. We are together all the time so we know each others strengths and weaknesses." Yearbook is a year long class, allowing the staff to learn and grow from one another.

BRADFORD The Bradford, is Wellesley High's school newspaper. Sections of the Bradford include features, news, reviews, editorials, and sports. With a staff of twenty-five, the Bradford is guided by strong leaders. Editors-in-Chief Jennifer Chilton and Leon Russo continued the tradition of bringing together an informational newspaper. Layout Manager and senior member of the staff Charlotte Bergin says, "The good thing about The Bradford is that it is a chance for us to write about what is on our minds. Our topics for each month are not set in stone. So, we come together as a group and decide what would be an interesting story read." When asked about what she enjoys writing, C. Egan ('08) said, "Editorials are my favorite because they give me a chance to reflect on current issues." With several sections of the Bradford, everyone can find something enjoyable inside.

RED INK Red Ink, beginning its third year of existence now has a new editor, senior Kristen Smith. The literary magazine contains student submitted poetry, non-fictional essays and hopefully the publication of College Essays. The magazine, which is published around three times a year, meets once a week to discuss and bring together the book. When the members of Red Ink meet, they are also thinking of advertising strategies, new ways students can submit their work, and where they are in relation to when the magazine needs to be published. The magazine will publish works of anyone who wants to submit and is always welcoming new members to join the Red Ink team.

POET'S SOCIETY Poet's Society is a club that meets weekly to discuss and talk about poems that the members have written. But everyone doesn't need to be an author to join or participate. If writing poetry isn't your style, you can go and just listen or bring a poem of an author you like. Poet's society is a club open to everyone, where great poems are discussed, written, and shared.

THE YEARBOOK STAFF. Standing: M. Dolan ('08), E. Schmidt ('08), C. Dugan ('08), C. Boodro ('08) C. Tierney ('08), S. Gigliotti ('08), T. Ahern ('09), C. Kotzen ('09), and A. Witheford ('08). Kneeling: K. Eisenstein ('08), M. Stark ('08), S. Grant ('08), and C. Meade ('09). Sitting: K. Field ('07), A. DeAmicis ('07), and J. Ottensmeyer ('07).

THE BRADFORD STAFF. Standing: R. McDougall ('07), C. Pinto ('07), M. Brandt ('07), N. Linkow ('07), L. Russo ('07), J. Chilton ('07), E. Snyder ('07), C. Bergin ('07), S. Horn ('07), K. McCarrick ('09). Kneeling: R. Epstein ('09) A. Mavrommatis ('08), N. Ironside ('10) C. Carr ('08), J. Lansing ('08), R. Johnson ('08), J. Russell ('08), T. Burke ('08), J. Kauffman ('09), C. DeCelles ('09). Sitting: K. Norwood ('09), S. Forman ('09), D. Schwartz ('10), S. Biela ('10), J. Granoff ('09), J. Luck ('10), S. Kaliski ('09), C. Gallivan ('09), A. DiBiase ('10).

POET'S SOCIETY. A. Jaing ('07), E. Hughes ('08), S. Levine ('07), J. Eng ('07), L. Jameson, V. Lazzari ('07), A. Savitt. (Not pictured: E. Holownia ('07), K. Woerner ('08), C. Mikkelsen ('07), J. Chilton ('07).)

Consolidating Ideas

students work from a different standpoint

Student Congress

Students Congress meets mondays after school to discuss issues and desires of students in order to make the Wellesley High community more welcoming and efficient. This year they are working with the library to create a more ideal atmosphere for students because of the drastic changes that have taken place this year with new librarians and the computer/ desk set up. Student Congress is also working on bringing more vending machines to the mez/ cafeteria area. Junior member, A. Witheford ('08) shares, "It's a way to make a difference and for my opinions to be heard. The fact that we compromise with teachers and the administration is a real was to actually get student opinions heard and things accomplished."

Business Club

The Business Club is new to the Wellesley High School as of this year. The determined team, led by advisor Mr. Hatch, is constantly improving and adding to the school store with new items such a rugby striped black and red hats and scarves. Business Club's CFO, S. Pini ('07) enjoys "learning the concepts that we will actually use in life and applying them while having fun." This fall the club made a huge first impression with their sales of class pep-rally tee shirts and authentic Thanksgiving tees.

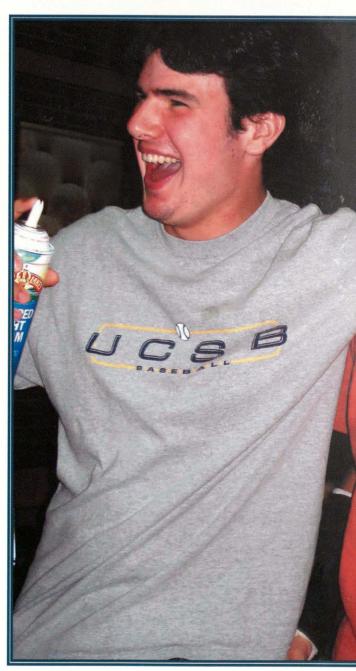

Above: The Student Congress comes together at their Monday after school meeting.

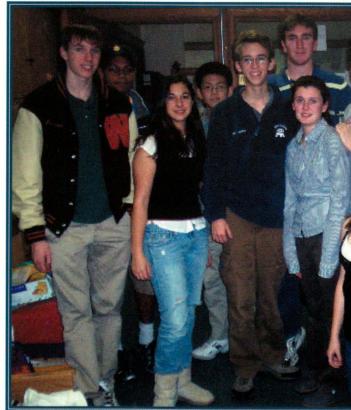

Right: Juniors are welcomed in the morning to find a class breakfast held by the class officers in the cafeteria. Bagels, donuts, and juice was served to fulfill students taste buds and bring the grade together.

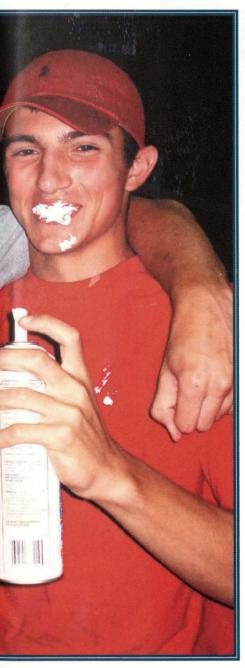

Center Above: B. Scardino ('07) and M. Geary ('07) share some laughs at the Senior Ice Cream Social.

Center Below: Business club gathers for a group shot during their meeting on Wednesday after school in the Mac Lab.

CLASS OF 2007 The senior class kicked off

the school year with a bang. The officers organized an ice cream social, breakfast before the halloween parade, and a tailgating pre-party prior to the night game. The Thanksgiving Pep-Rally ran smoothly due to the organization

and spirit of the class.
Vice President: H. Perry
Treasurer: K. Hartman
Secretary: E. Rosenberg
President: J. Wald

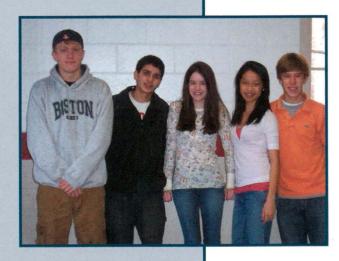

CLASS OF 2008
This year the juniors focused much of their attention on Junior Auction. To prepare for this event, students participated in blitz day when donations were collected from local stores around town. A class breakfast was also held in the cafeteria to unite and bond over some bagels and cocoa. Many Juniors have expressed their excitement for Boat

Cruise this spring as well.
Treasurer: A. Valle
V. President: M. Edmunds
Secretary: K. Eisenstein
President: P. Jennings

CLASS OF 2009
The sophomore class got involved with with a cook out before the night game. This winter they had a dance activity where professionals were brought in to teach different styles of dancing. For the holidays the officers organized a gift swap to bring the class together with gifts and

holiday spirit.
Co-Treasurer: C. Rannefors
President: U. Jain
Co-Treasurer: S. Dowd Secretary: J. Hu Vice President: S. Hutchinson

CLASS OF 2010
Freshmen were able to hang out and get acquainted to the school with a class BBQ in the cafeteria. This winter they sold candy canes on the mez to raise money for the class. For a community service project, the freshmen organized a food drive at the school.

Treasurer: C. Taylor President: P. Edmunds Vice President: S. Bhatt Secretary: M. Kunitomo

The METCO Program and the ABC program bring diversity to the WHS community

Partsof ourCommunity

The METCO Program, formed over 30 years ago, has helped bring inner-city students to suburban schools. For over 20 years, students living in Boston and Springfield have been attending Wellesley Public Schools. The METCO Program helps form ties between students and parents of different districts and to eliminate racial isolation.

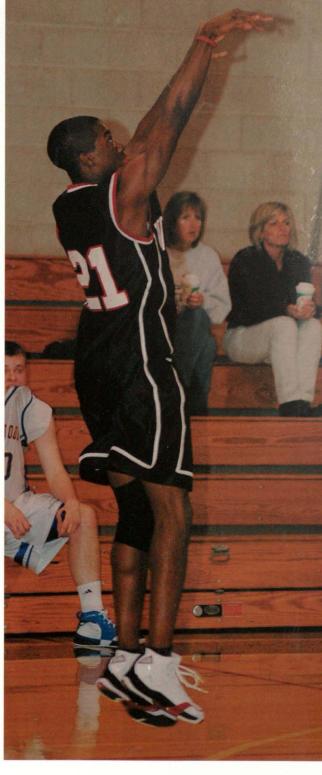

Every morning, Boston busing companies pick up students in the area and bring them about a 45 minute ride to Wellesley. Although waking up so early is a difficult part of the process, "Metco is something we're really fortunate for," says A. Smalls ('08). The WHS METCO director is Ms. Deborah Ward. Being a part of MECTCO requires academic responsibility. "We have to take advantage of being part of these higher educational schools. You can lose this privilege by getting into trouble or grades that do not meet the standards," explains S. White ('08).

Stretching from Kindergarten, to 12th grade, the METCO program provides the opportunity of an equal education and social experience, despite race.

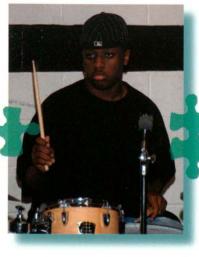

With a similar mission as the METCO Program, the ABC program has connected inner-city students with our community. "A Better Chance" is a national organization, running for 35 years, offering a higher education to academically talented students who live in an under served place. The ABC organization was brought to Wellesley in 1972, and continues to gain support of Wellesley residents.

This program gives deserving scholars a better chance at earning a better level of education, an opportunity they do not have in their communities. Year after year, students living in Wellesley generously volunteer to offer a place for inner-city students to stay. M. Garpestad ('08) "really enjoyed hosting my ABC student. Not only was she a great person to live with, but it showed me how lucky we are to be able to attend such a good school."

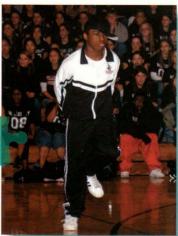

These programs are a strong part of the Wellesley High School because they encourage diversity, and provide great opportunities. "The high school would not be the same without the METCO and ABC programs," says K. Eisenstein ('08).

Photo Club

Every Monday and Wednesday after school is when you can find students capturing the moment with friends and creativity. Photo club gives students the chance to use the darkroom and work on projects from class. The art department has organized an overnight trip to New York City in March. They plan to visit art museums, view a Broadway show, and express themselves artistically through photos and more. "The trips are the best part of photo club," shares H. Boland ('08). Photo Club has traveled to Italy, Greece, and Spain in previous years. Next year they plan to take on Florence, Italy with 35mm cameras around their necks. Advisor Mr. Johnson is always encouraging his students to work to their full potential. This year he was accompanied by a student teacher, Mr. Carroll. Carroll took his learning experience to the next level by holding an art exhibition of students work from both photo class and club this past fall. Z. Kuperstein ('08) shares his view of photo club as "a cool place to hang out with friends. It's a really relaxed environment and a good time to get work done."

Right: For the Advanced Photo Class's "Night Project," J. Resnick ('08) photographed train track rials from a sick angle.

Below: Z. Kuperstein ('08) gives this ordinary building a new edge by exaggerating the lines and patterns of the architecture.

Polaroid Project

The Advanced Photo classes started off the year with a polariod transfer project. Students were given a roll of film to take pictures of anything they choose. The film was processed into individual slides at local photo shops and prints were made at school. Students used emoltion lifts to put the pictures on water color paper. The final product is a poster sized print like the one shown to the left.

IN | SYNC

Song Sisters, Brooks Brothers, Concert Choir, Rice Street and A Capella

Wellesley High School is a base ground to five incredibly different yet equally pure sounding choral groups. The variety of vocal groups ranges from the two select ensembles, Rice Street and A capella!, to the three other groups, Song Sisters, Brooks Brothers

and Concert Choir. Each group has specific qualities that make them a great contribution to the performing arts department.

"We always meet at 7:30 am, but we still manage to be enthusiastic about singing," explains Arden Witheford ('08) about Song Sisters. Each class gives members a time to release their creative juices and sing with joy. "A capella! is fun because we get to sing gigs outside of school and it's gratifying to know all our hard work has paid off." quotes A capella! member, E. Pinto ('08).

Enthusiastic spirits and beautiful voices make their concerts much more enjoyable for the audience. "I love watching the groups smiling and enjoying themselves, it really makes the concerts more exciting." reflected S. Gigliotti ('08) after the winter concert.

Above: K. Stalzer ('08) sings her solo in key.

Making music in Harmony

Wellesley High School Band

On the third floor hall of the Wellesley High School, students and faculty are graced with tunes from the selective Wind Ensemble and Concert Bands hard at work. These two music groups both play at Raider Football home games and practice for one hour, five times a cycle in room 334. Conductor, Steven Scott, who also plays in his own music group "The Kick Backs," prepares Wellesley High's Band for concerts through out the year. The band has two performances at school; one at the end of the year and the other during the annual Winter Concert for the entire student body and

staff before break. They also compete at The Mass Interscholastic Concert Conductors Association come spring time. For the past two years, the Wind Ensemble has won a gold medal at MICCA. This allowed them to play at Mechanic's Hall and Symphony Hall. Referring to these outstanding opportunities, Michael Higgins ('08) shares, "It's amazing to hear all our hard work to be played in such beautiful halls." The band has indeed made a name for themselves with these accomplishments, while enjoying the process of making it far in competition. Wellesley High also has two jazz bands; One o'clock and two o'clock jazz bands. These two bands perform more upbeat and a very different form of band music. The 2 o'clock Jazz Band is one of the best high school jazz bands in the region and in 2006 was a finalist at the Essentially Ellington Jazz Band Competition and Festival in New York City for the second year in a row. Philip Larson ('08) expresses his love for band when sharing, "I like the song "Gum Suckers March because it's hard to work on, but a great song and very fun."

N. Kesten, D. Penta, A. Libensen, B. Berg, H. Washburn, Z. Cecere, P. Anderson, A. Hori, C. Zhu, J. Stathis, C. Grossel, A. Sewall, Mr. Scott, E. Wilkins, L. Fontanella, J. Hsieh, J. Cameron, G. Honan, M. McMahon

Pep Band performs at a varsity football game on the home bleachers to pump up the crowd and hope for a win!

Above: C. Vasko ('09) concentrates on tuning her violin correctly so it will play at the right pitch during her piece.

Orchestra TUNE

Violins, violas, cellos, and basses gather together to play in harmony during the morning hours of the school day. Students that walk in during first block have the pleasure of hearing the Orchestra play from the auditorium. Hours of practice and dedication go into the tunes that come from that room. Jeff Howard, the supervisor, gathers with the students at 7:30 AM to help them play on time and in tune. He also aids the students in perfecting the pieces. With his help and all the members' devotion to the music, they play wonderfully together.

Since Orchestra is during first block, the students are forced to wake up early to play. Jonathan McGraw Bentley ('08) expressed that, "waking up for Orchestra that starts at 7:30 in the morning is a drag but the final product is well worth it." They practice hard so that they can play their best at various events. Putting their hard work on display, the Orchestra graces the audience with several pieces at Winter Concert every year. Numerous members look forward to playing their instrument with immense enthusiasm. Even after Winter Concert is finished, the students continue to put in tremendous effort. Comprised of almost forty members, Orchestra is able to stay on task for their shared love of music. "The community is great. The early timing not so much, but everyone suffers for music," Molly Tetreault ('10) explained. With such a great group, Orchestra easily perfects their harmonies.

The members of Orchestra are from various classes at the high school. There are some seniors who have been a part of the Orchestra for four years now while the new freshman are playing for their first time with the group. One student, Alex Intae Kim ('10) said, "Orchestra has been a great experience where I have been exposed to great people from all of the grades. "Together all the diverse students play as if they have been playing with each other forever. There are six coprincipals in the Orchestra, a position not reserved just for seniors. The diversity of the students in Orchestra help to keep it interesting and make it a great experience for meeting new people.

Orchestra contributes to keeping the performing arts program strong at the high school. The members and their perseverance to learning is proven by the beautiful music they play. Functioning as a close-knit unit, the Orchestra has what it takes to get through the early mornings and make exquisite music.

Left: Jonathan McGraw-Bentley ('08) is focusing on playing a tune on his violin.

Below: Mr. Howard is conducting the students in orchestra to play all the right notes together.

Back Row: Jonathan McGraw-Bentley ('08), Antoni Scarano ('09), Madeline Ripley ('10), Matt Geisinger ('08), Jacquelyn Klehm ('07), Alexandra Lu ('07), Evan Holownia ('07), Priscilla Livingston ('10), Evan Becker ('09), Caroline Livingston ('07)

Third Row: Nathan Wan ('07), Alex Intae Kim ('10), Zachary Cecere ('09), Alex Rubin ('07), Carolyn Vasko ('09), Megan Ware ('09), Samantha Luk ('09), Rebekah Lin ('10), Alex McTighe ('09), Madeline Buckley ('10) Second Row: Salina Chan ('09), Chelsea Kendall ('10), Molly Tetreault ('10), Sarah Levine ('07), Lizzie Jameson ('10), William Tsang ('08) Front Row: Mr. Howard, Kelsey Woerner ('08), Meera Suresh ('08), Laura Miron ('09), Susannah Johnson ('10), Alice Fisher ('10), Mariko Kunitomo ('10), Sarah Murphy ('10), Meredith Goldberg ('09), Mike Salipante ('08), James Donovan ('10)

STEP place

Below: C. Claus ('07) having a fun time at one of the step squad's performaces.

Above (left to right): A. Matthais ('07), B. Crawford ('07), and T. Blount ('07) make sure their last time representing the Thundersquad at the pep rally is memorable.

Inset: Members of the club showing off their jackets.

Opposite Page: S. White ('08) and A. Smalls ('08) make a great pair helping each other keep up with the routine.

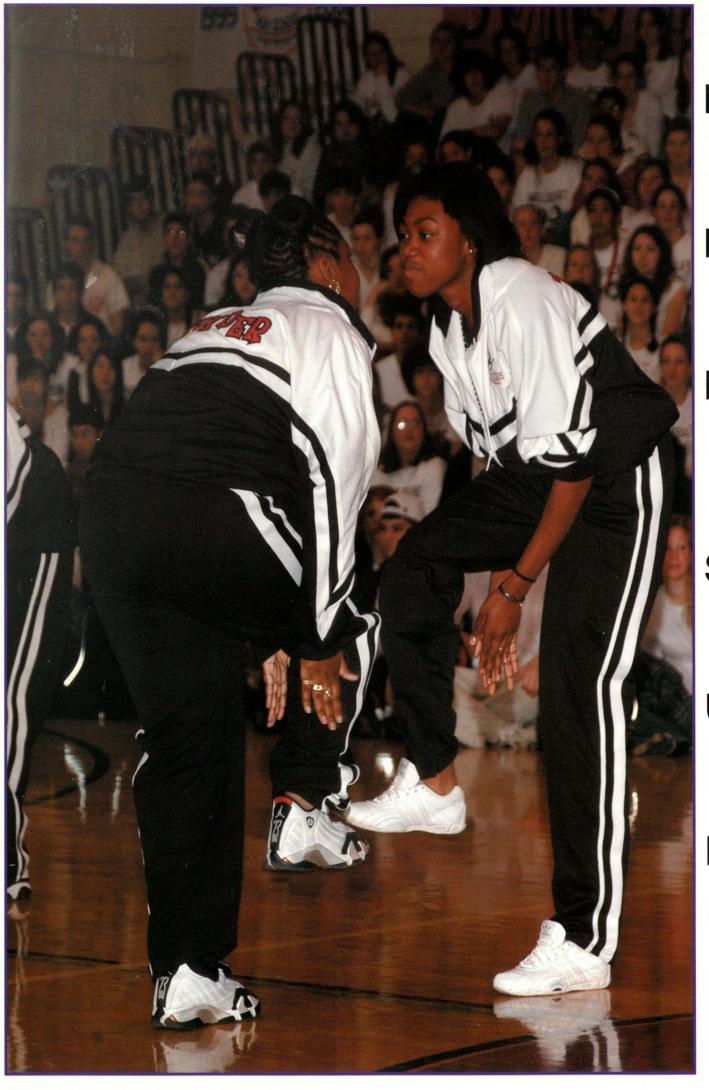

As the 2006 school year began, the step squad reunited with new members and fresh ideas. Composed of a team of twenty-one girls from all four grades, the squad, a.k.a. Thundersquad, has never failed to impress. The captains, Brittany Crawford ('07), Najuana Muschetta ('08) and Mekah McIntosh ('08), were excited to bring streething new to the group, and lead them through a great year.

Step is a type of dance focused on footwork, and is used around the world. Our school is fortunate to have this energetic and entertaining style of dance incorporated into our community. As well as the annual performance at the Thanksgiving Pep Rally, the step squad competes against other schools during the year. Nika Claiborne ('09) thinks "It's fun traveling to other schools because competing is exciting, and it is good practice."

Each year at the Thanksgiving Pep Rally, after many hours of practice, the Step Sqaud performs a new routine. Their hand motions and amazingly fast movement to the music has never failed to excite the crowds. "It's tough choreographing and making sure everyone can learn it because there are so many people. Everyone works really hard so we can look good as a unit," says Najuana Muschetta ('08).

This club is very grateful for their devoted supervisor Ms. Ward. As well as being the school's Metco Director, she has been a very important part of this club for many years, and loves having the role. Each year, the squad's teamwork and coordination is one of their proudest characteristics.

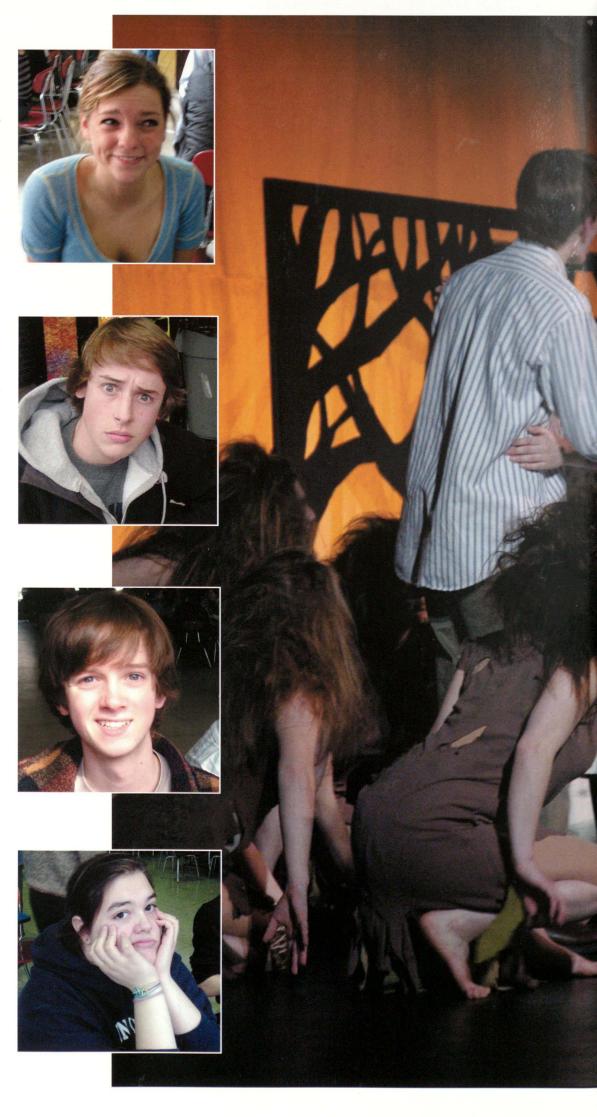

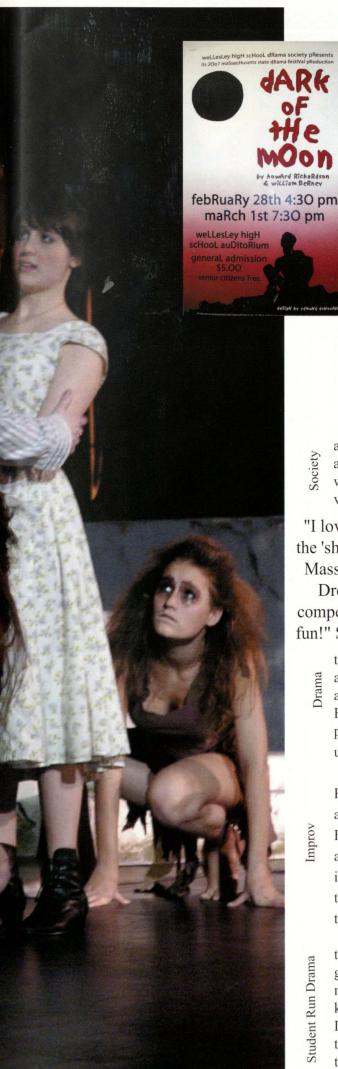

E. Pinto ('08) said her favorite part is, "deffinitely the musical. It's the most fun of all the drama society performances. It has singing, dancing, and acting."

L. Donovan's ('08) expressed his opinoin by saying, "I like the winter play because it is the most competitive and has a very different crowd than drama society in the fall and spring."

P . Hamiliton ('07) loves, "making a lot of friends and spending time with hilarious people. I also love the 48-hour film festival competition which is happening this May."

V. Hamilton ('08) said her favorite part of Student Run Drama is "the fun t-shirts I make since I'm the officail t-shirt designer. I mix a random phrase or inside joke from the play and a picture on the back"

eft: Drama Society decorated the school with posters such as this one for the Winter Play, 'Dark of the Moon"

Theatrical Pieces

Drama Society, Improv, Student Run Drama

Drama Society had a good nine months this year after their reputable season and awards from last year. The group is completely student run and makes many decisions such as what the spring play will be. These decisions are made every first Thursday of the month when the society meets. Here, they discuss trips to theatres in New York or Boston and various fundraising ideas. With the money they raise, drama society purchases backdrops

"I love to dance so the 'shindig' after the Mass High School

Drowan Guild competition is really fun!" S. Kirsten ('09) and props needed for their performances. From fundraisers to plays, members comment on how fun the group is and how they love being apart of such a diverse community. When asked about the members, Patrick Connolly ('07) stated, "The society really does a great job of including all the drama participants in happenings of the high school's drama department." Although some participants will not be returning next year, such as Patrick, and new members join depending on the season the society is still, "a good way to mix the different years and

to get to know people in older grades. It is also a tight community that's very accepting," according to Rachel Child ('08). This year, Drama Society performed "Dark of the Moon" as the Winter play which won over twenty awards at the New England Drama Festival.

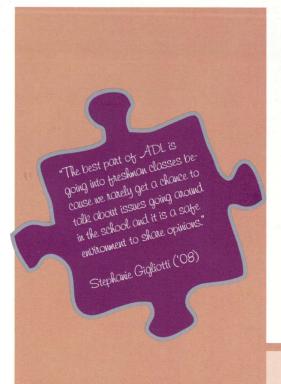

Between the fall musical, the winter play, and the spring play, drama society keeps busy during the year and lives up to the expectations of their fans.

The improv troop, also known as "Robot and the Ready Readies," is a group of drama students who practice and share their skills with each other in the little theater. Each year, underclassmen are welcome to participate in an audition process to join the troop. Only twelve are selected, including two understudies. The group plays games and participate in organized group building activities while improving their improvisation techniques.

C. Singleton, P. Hamilton, and D. Colella show off their skills during the improv's proformance on Seminar Day.

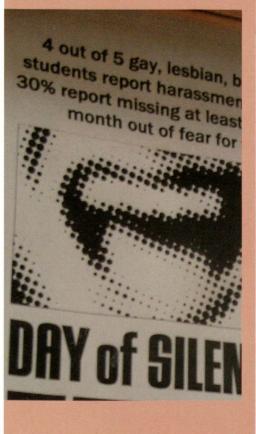

Wellesley High School students use their love for drama to give back to the community through the Student Run Drama club. Actors and actresses gather in the basement of the Wellesley Congregational Church to rehearse short, 10-15 minute, self-scripted skits. The group performs for elementary age children, the child-lab kids, and travel to local hospitals to provide entertainment and a good time. President D. Kelly ('07) shares, "I like how you can give back to the community and have fun at the same time. After we perform for the kids, we like to stay and play with them and let them try on our costumes and come on the set." This year the club hopes to perform at shelters in the boston area.

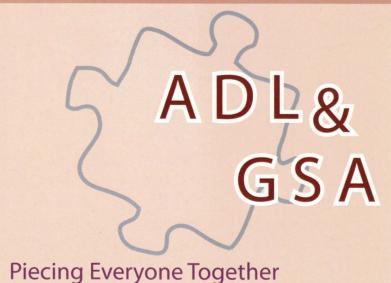

GSA members: M. Nadler ('08), E. Herrera-Mishler ('07), E. Byerly ('07), O. Herrera-Mishler ('10), N. Waldwell ('10), H. Lawler ('08), E. Lovett ('10), A. Block ('09).

This year ADL began in its usual fashion by seeking new people to join their group. After three days of training the new members that were chosen were now officially in ADL or the Anti-Defermation League. The members meet once a

cycle in the morning to discuss their upcoming plans around the school. The goal of ADL is to make the high school a more welcoming community to students and faculty. In the fall members took time to go into freshman classes three times a cycle to discuss current problems around the school such as discrimination. In the spring the members hold Junior Day where they break up the junior class into groups and run activities and play games as a way to bring the junior class together.

GSA or the Gay Straight Alliance meets every Wednesday afternoon to talk about upcoming events around the school. On National Coming Out Day which is October 11 the GSA members sat on the mez and handed out rainbow pins. They also held their annual GSA Coffee House on Febuary 2 and it was a fun filled night that included live music, improv acting, and even an open mic! It was an exciting night and lots of donations were received.

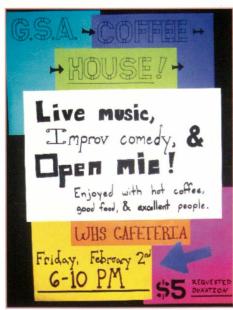

ADL members: L. Dockter ('09), K. McCarrick ('09), C. Brady ('08), Z. Ali ('08), A. Savitt ('07), B. Zarringer ('07), H. Heyison ('10), C. Claus ('07), A. Bornstein ('07), A. Blakney ('08), A. Mandel ('07), K. Lehmann ('08), K. Diaz ('09), Ms. McGonagle, E. Pinto ('08), Mr. Fischer, C. Morgan ('08), M. Edmunds ('08), K. Heyison ('07).

Above: A band performs on the open mic during the GSA Coffee House.

Right: The GSA Coffee House poster vibrantly invites students to come listen to music, comedy impov, and even participate in an open mic while enjoying coffee.

E.A.A.A., Ping Pong Club, Solider Outreach Club, Amigos and T.A.D.D.

MISCELLANEOUS

PIECES

The environmental club, EAAA (Environmental Awareness and Action Association) is focused on informing the community about environmental issues and how to make a difference. EAAA's greatest accomplishments include starting the bottle recycling program at school, holding a seminar about the benefits of organic food, and selling reusable water bottles to the student body.

T.A.D.D. is a new club that was founded this year. T.A.D.D. (Teens.Against. Drunk. Driving) is raising awareness for how many accidents take place because of the poor choices kids make. For Valentine's Day, T.A.D.D. made pins that read "I don't drink and drive because I love _____". The idea well received and lots of WHS students bought them to support the club.

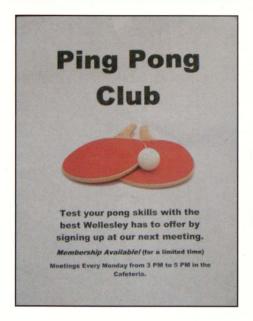

The Ping Pong club has meetings on Monday where kids can get together and play other tough competitors. THe soldier Outreach Club was also founded in during the 2006-2007 school year. The club wants to get supplies to send over to the soldiers in Iraq.

The students at WHS who participate in AMIGOS can go to different parts of Latin America to give back through community servicee. The kids who take advantage of the program find it to be very rewarding.

E.A.A.A: A sign that frequents the Wellesley High School hallways reminding students and teachers how it is benefical to recycle.

Soldier Outreach Club Supply Drive! PLEASE DONATE SUPPLIES FOR CARE PACKAGES TO THE TROOPS (box outside the main office) Items Needed: -Hanes t-shirts -Magazines -Toiletries -Sports balls -Chapstick -Hand Cream, etc.

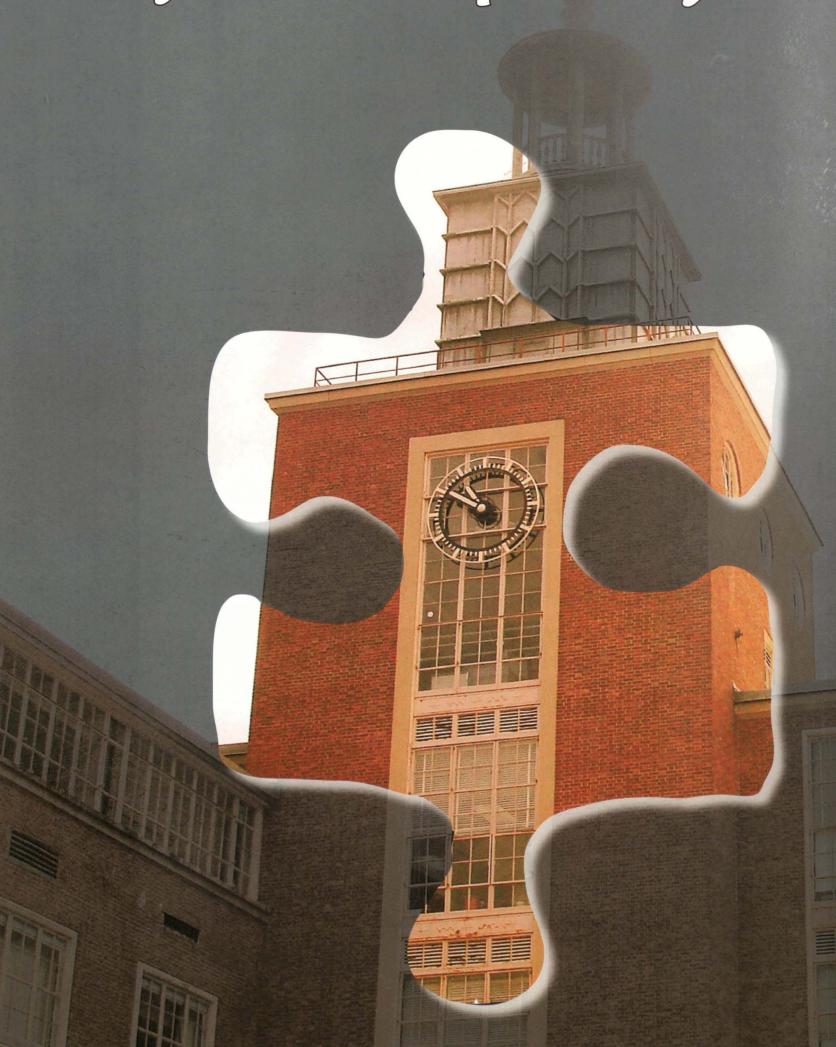

Top and Far Right: A. Meltzer ('07) on her AMIGOS trip to Honduras.

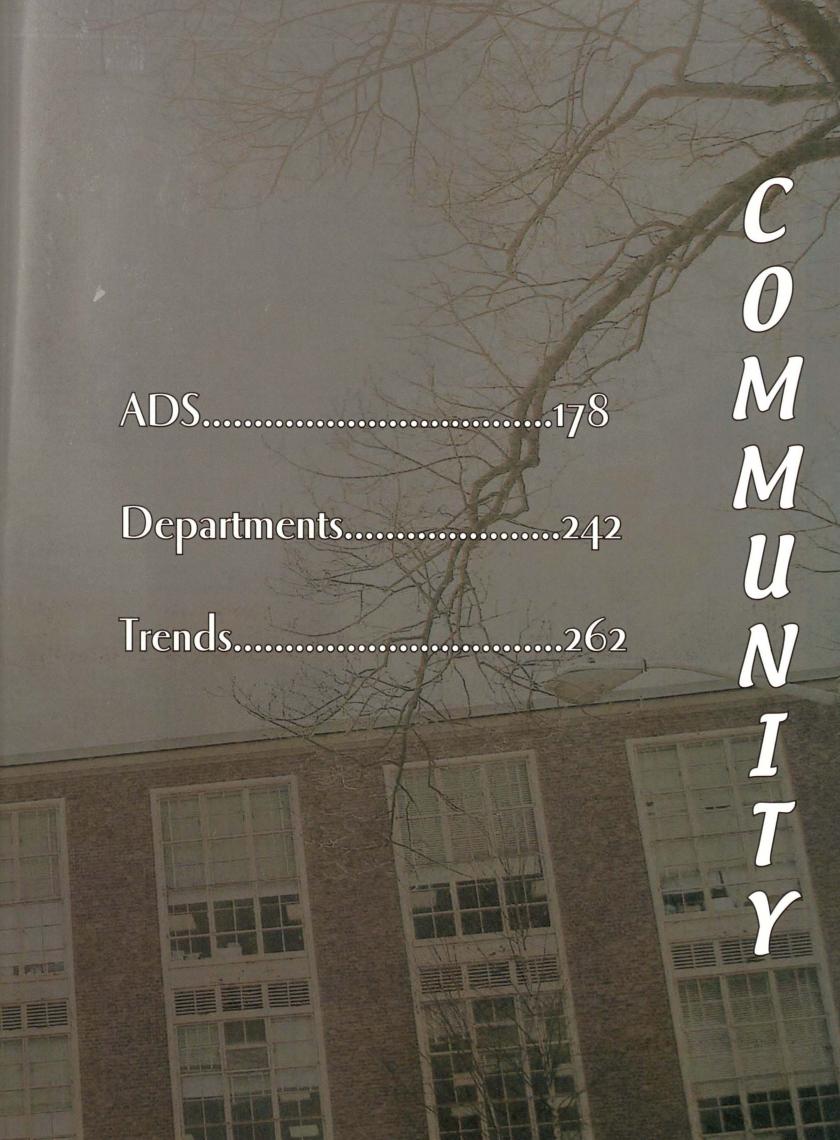

PING PONG: An advertisement encouraging people to join Ping Pong Club!

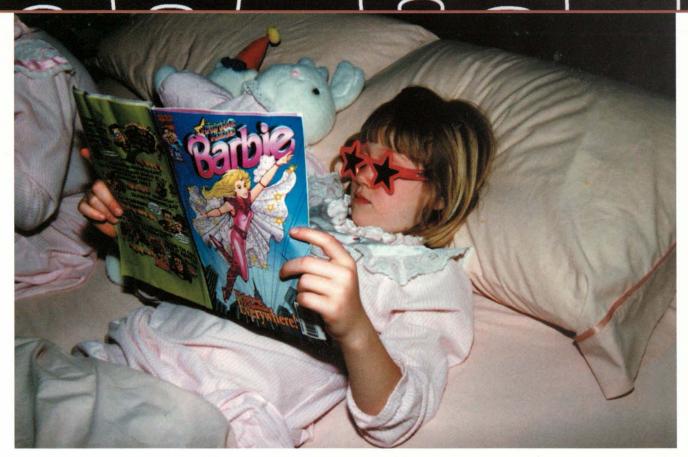

SOLDIER OUT-REACH: A poster letting kids know a way they can get involved, and help out their country.

Above: A few of the members of T.A.D.D. stop a busy meeting for a photograph.

Every second flies by...

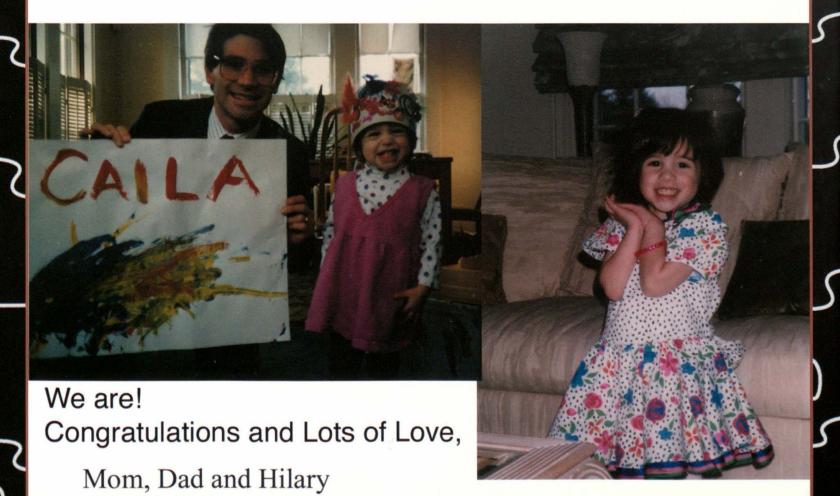

Congratulations Laura! We Love You! Mom, Dad and Emily

Always be proud of who you are...

Hats off to you Matt!

Congratulations! Love, Mom, Dad, Adam and Seth

Congratulations Stephanie! What's next?

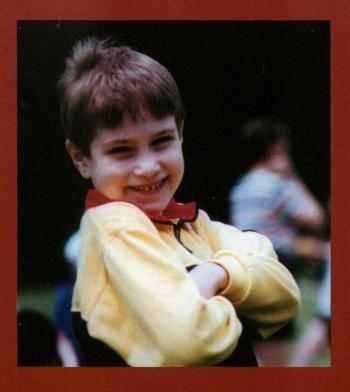

Rock+ Go Girl,

Your Very Own Family

Love

Congratulations Matt! We are so proud of you!

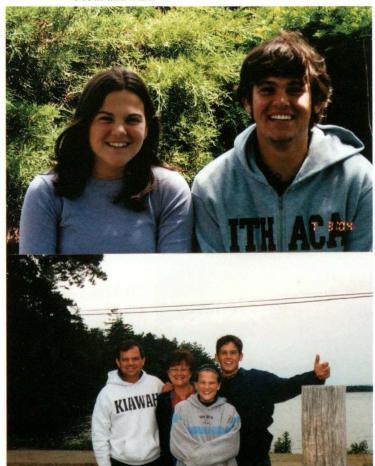

Love, Mom, Dad, and Bret

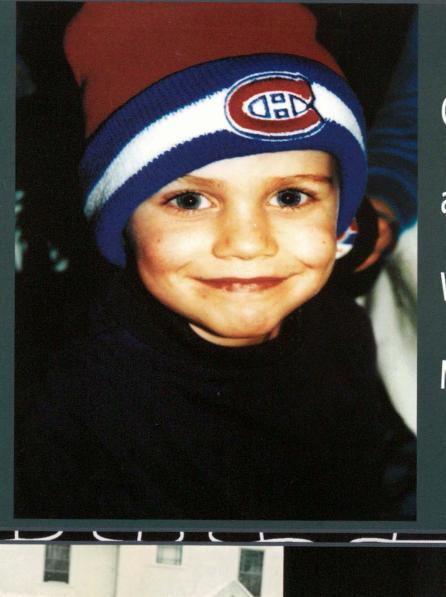

Dear Katie,

Congratulations! Remember, always keep your tips up and continue to make your own tracks. We're with you always.

Love,

Mom and Matt

Congratulations Trevor!
We are very proud of your accomplishments.

With Love,
Mum, Dad, Wes & lan

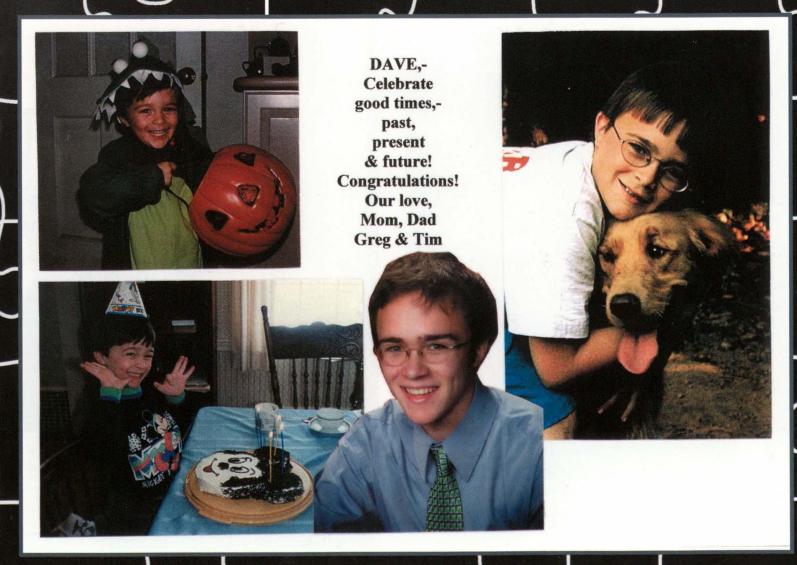

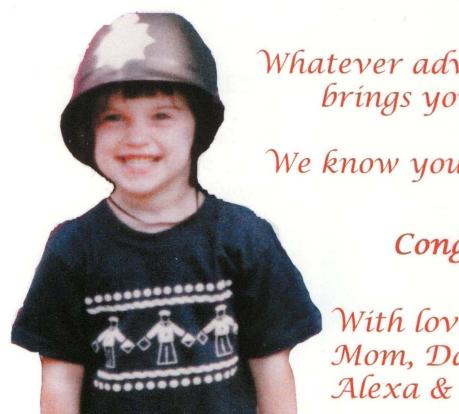

Dear Angie,

Your table manners have improved enough that we're not afraid to send you off to college.

We'll miss you! Love, Mom and Dad

Whatever adventures life brings you Sarah,

We know you'll be smiling!

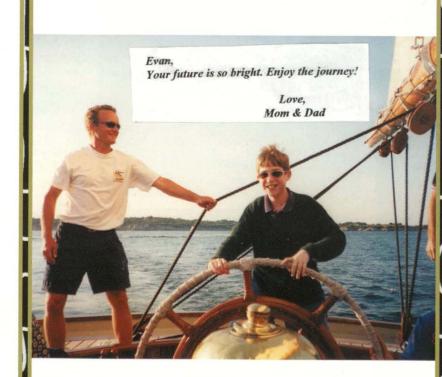

Congrats!!

With love from us all, Mom, Dad, Alexa & Todd

Steph, We are so proud of you! Congratulations and good luck next year

We love you and will miss you, xoxoxoxo, Mom, Dad, & Ali

Dear Laura,

You set your sight on college when you were very young -

Then, tried your hand at the more leisurely life -

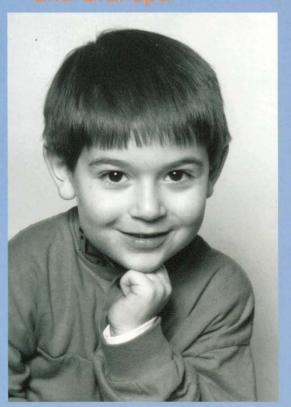

Whatever you decide, we are proud of you and thrilled that you've finally graduated!

Love,

Mom & Dad

Dear Warren,
We are so proud of you.
Congratulations!
Love, Mom, Dad, Ben
and Grandpa

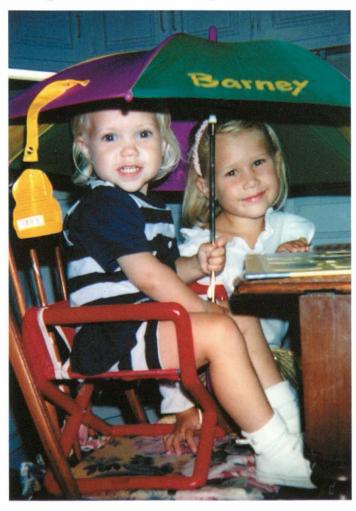

Andres: Happy High School
Graduation. We are proud of you for accomplishing one more step towards success. Thank you for always complying with all your duties; for being such a wonderful son and brother; for always having such a great disposition and good attitude towards everything.

Love: Dad Mom and Nini

Congratulations Emily!

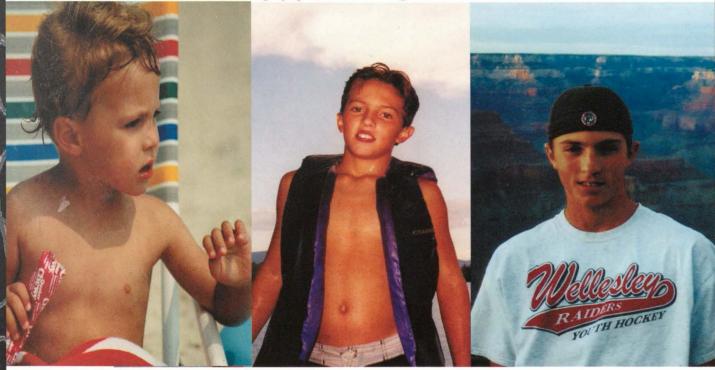

Love, Your Family

MATT,

Thanks for all the great laughs. . .

...and all the joy you've brought to our home!

...God Bless you and your plans.

With all our LOVE,

Mom, Dad, Josh, and Kodi

Emily-

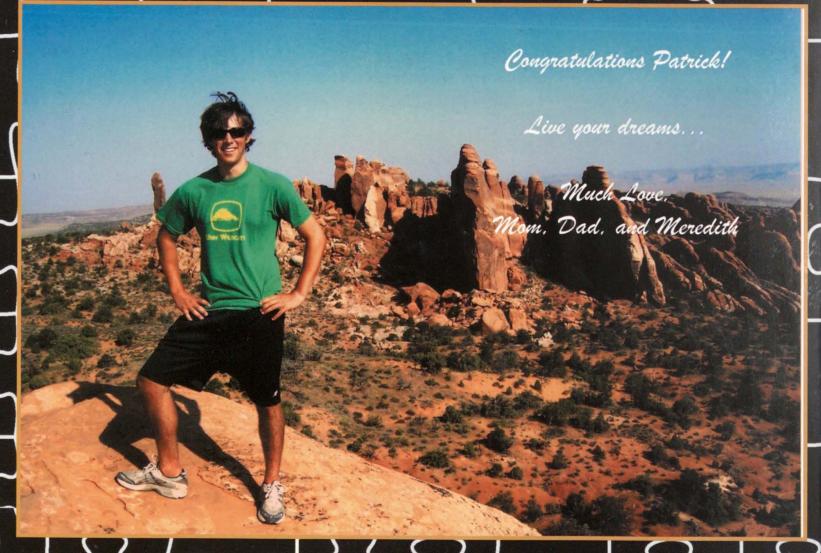

Enjoy the ride-

"Angels Danced The Day You Were Born"

Jenny McPhee 1989-2004

Someone Smiled Today

Someone smiled, really smiled, not the fake ones for pictures. Her eyes crinkled up and the corners of her mouth turned high, and she laughed! Really laughed! It was something so wonderful. It was something perfectly natural, and it made me smile, really smile, and my heart grew light and I felt like the sun. Jenny, age 11

Remember Me

Remember me,
When the sky turns dark
When the flowers don't bloom,
And time begins to mark,
At the light until eternal emptiness,

Remember me,
When the warmth is gone,
When there is no dawn,
And the birds start to sing a sad song,
and
When all that is left, is you.

Hanna McPhee, age 11
with help from Jenny

Reluctance
By Robert Frost
From "A Boy's Will"

In remembrance of Dan McCabe, Class of 2007

Out through the fields and the woods
And over the walls I have wended;
I have climbed the hills of view
And looked at the world, and descended;
I have come by the highway home,
And lo, it is ended.

The leaves are all dead on the ground, Save those that the oak is keeping To ravel them one by one And let them go scraping and creeping Out over the crusted snow, When others are sleeping.

And the dead leaves lie huddled and still,
No longer blown hither and thither;
The last long aster is gone;
The flowers of the witch-hazel wither;
The heart is still aching to seek,
But the feet question 'Whither?'

Ah, when to the heart of man Was it ever less than treason To go with the drift of things, To yield with a grace to reason, And bow and accept the end Of a love or a season?

Right: Principal Ms. Mirkin welcomes back the students for an exciting new year at the first assembly of 2006.

Right: Mr. Chisum, Assistant principal stays connected to the rest of the school by making a call on his walkie-talkie.

Holding Us Together

An Inside Look at the Adminstration

coming in and out of the main office but we do not necessarily know what they do or who they are as people. Typically students know the names of the principals and secretaries, but they do not know about their life outside of school. Ms. Iarossi, one of the secretaries, has been working at WHS for four and a half years and is in charge of "attendance, the Friday Bulletin, handling all parking for students and faculty, and work for the assistant principal Mr. Chisum, and general secretarial letters." Her favorite vacation place is Aruba, while Ms. Dorsey, another secretary, enjoys the Jersey Shore. However, they both love Italian subs from the Linden Store. Ms.

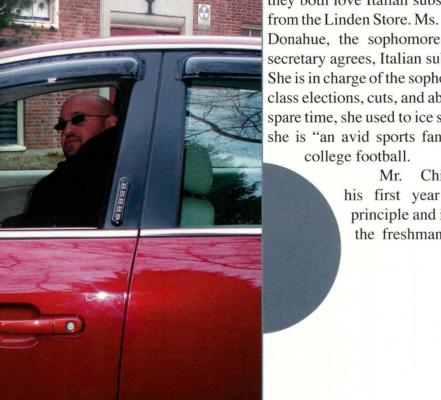

secretary agrees, Italian subs are superb. She is in charge of the sophomore student class elections, cuts, and absences. In her spare time, she used to ice skate and now, she is "an avid sports fan" particularly college football.

> Mr. Chisum is in his first year as assistant principle and is in charge of the freshman and juniors.

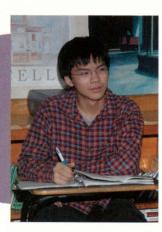

An avid Yankees fan, he feels the main goal of his job is to "help kids before they get in trouble and end things before they get out of hand." Last year he was an English teacher as well as the head coach for track and "misses it terribly but [feels] it's good to have regrets because it makes you appreciate life." Ms. Novogroski is the other assistant principle and is in charge of two major activities, "being the assistant principle for all student activities, clubs, classes and teaching a leadership class." She is in charge of the sophomores and seniors. She and her husband adopt Great Pyrenees

and Old English sheepdogs that are no longer wanted by their families. Also, during her free time she volunteers at a dog shelter on the Cape.

Much to our dismay, principal Rena Mirkin is retiring after ten years and has had many fond memories over her time working here at WHS. Her most treasured, she says is "sitting in a class, listening to the dialogue, and hearing students advocate their points and coming to new and deeper understanding." Ms. Mirkin has added a lot to the administration through her position as well as to the school and will be greatly missed.

To excel in English class, V. Su ('07) studiously takes notes while listening to the teacher.

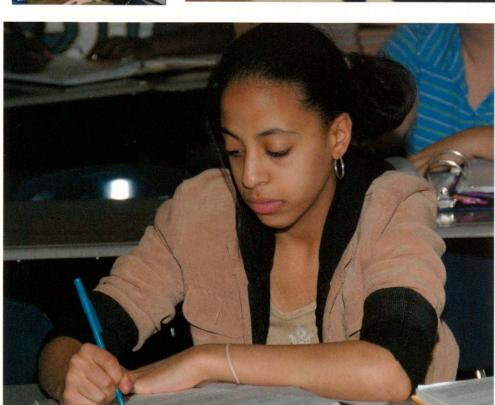

While some students sit back in class, C. Singleton ('07) does all he can to make the most of his time in English.

Anxious to share her thoughts, S. Buffum ('07) raises her hand to contribute to the class.

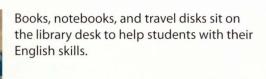

Hurriedly taking notes in class, M. Kidanemariam ('10) gets used to the fast paced world of high school English.

A Literary Piece Insight into English

"People who have inquiring minds and are willing to take risks will do well in English class at Wellesley High School." Ms. Frick, the head of the English department says that asking questions is essential to being involved in a student's learning experience. The department focuses on developing writing skills, reflecting their belief that students must be able to articulate their thoughts and opinions clearly. The writing skills taught at the high school, will be a valuable resource for students for the rest of their lives.

As well as writing, reading is an essential part of the English curriculums. Each grade concentrates on a differ-

ent style of literature, though the courses change slightly

with each new year. The teachers are constantly reviewing and adapting the curriculum based on suggestions from the previous year. For in-

stance, recently the department added a graphic novel, *Persepolis*, to the freshmen course because the graphic novel, *Maus*, was successful in the junior course. Similarly, the study of film has been incorporated in various english. classes. The electives Film I and Film II are available for students in every grade, and several teachers show films in conjunction with certain books. Junior year, *The Truman Show* is a staple, and many senior teachers show *O Brother Where Art Thou* after reading *The Odyssey*.

English teachers are hired because of their enthusiasm for teaching kids the fundamentals of the English language. "They love to support kids in learning, especially writing," says Ms. Frick. The department was grateful to have the writing lab back this year because it improves and assists students' writing. "Kids are prepared for college and for life when they leave the English department at the high school."

A Piece of the Past

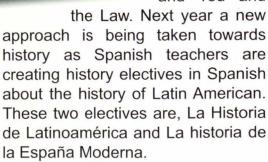

History Department

The Wellesley High School history department opens many students minds to thinking differently about history in the past as well as current events today. There are many history

based classes within the school. While freshmen learn about world history the sophomores continue their past year with modern world history." I like sophomore world history better this year, because it is more relevant to our lives importance." The seniors this year have a wide variety of history electives to participate in, including: Psychology, Sociology, Economic History and Theory, Political

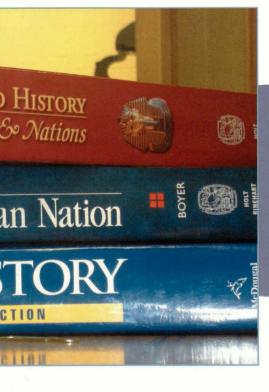

Science,
Humanities,
Russia, East
Asian History:
China and Japan,
and Theory of
Knowledge.

Next year there are going to be some new additions to the electives a vailable, which include, Contemporary Global Problems and You and

To the dismay of the entire student body at the end of this year they will have to bid farewell to the beloved psychology teacher, Ms. Lynn.

Right: R. Johnson ('08) diligently copies down his math homework.

Right: Calculating another answer, J. Pearlman ('08) uses all the necessary tools to finish her homework in the library.

The Puzzling World of Math Probelm Solved

Math is one of the most dynamic courses one can take at the Wellesley High School. "The department is filled of 15 dedicated people who work so hard to make sure kids are getting a fabulous math education to apply after school," says Ms. Morris, the Math Department Head. There are two course paths available to students, Interactive Math Program (IMP) and the traditional style of teaching. Both teach the students the same skills, however, IMP classes rarely have the teacher at the front lecturing to their students. In any math class, students need to be actively involved in order to make the most out of their ex-

perience. Asking and answering questions constantly is one way to ensure a positive math class. The goal of the math department is to motivate students so that they

will be able to excel in their lives after graduating. "We continue to look at the curriculum. I am always looking down the road to see what could improve the department in the future," says Ms. Morris. Although the College Board sets the AP courses, the curriculum for other classes is always being tweaked to maximize the effectiveness of the courses. The math department would love to incorporate more technology. For those that find math a challenge, do not worry. Math has many different branches or courses that are very different. Even if a student finds algebra difficult, they may excel in geometry. It all depends on the class so everyone must give it a chance. "Math is an important subject. Nobody can go through life without it because everyone uses it on a daily basis."

Above: With a little help from the teacher, J.C. Hernandez ('08) and A. Tsang ('08) learn new material in math class.

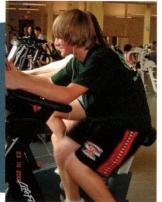

Top: A. Bernstein ('10) builds up her muscles on the Iso-lateral chest press. She is in the freshman mandatory Intro to Fitness class where she is learning how to use the equipment while focusing on her form.

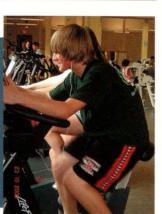

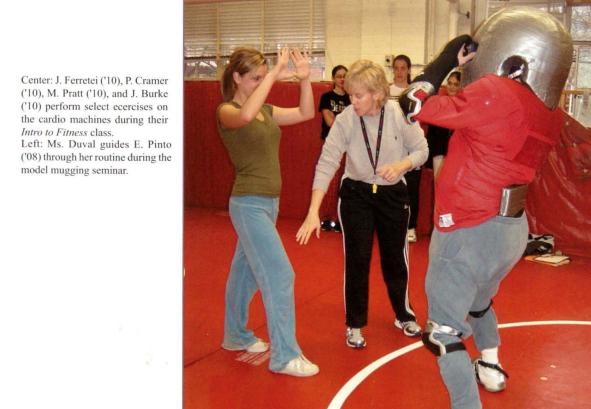

Middle: K. Legget ('09) gives the model mugger her well practiced "groin kick" during her *Power-Up Power-Down* class. The model mugger is a great way for the students to learn how to defend themselves in real life situations.

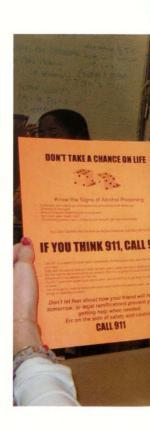

Bottom: A. Walkingshaw ('10) breaks a sweat while working out on a stationary bike during his Into to Fitness class.

Fit Together

Fitness & Health

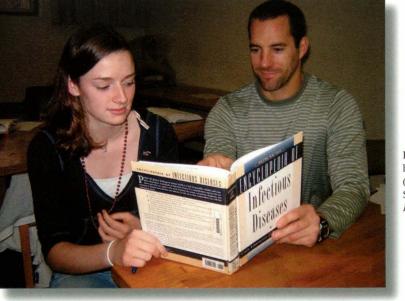

The Fitness and Health department plays a surprisingly large role in Wellesley High School's community. From sports education to sunrise yoga, students can choose a variety of classes to take depending on their individual interests. Ms. Duval, who has been a teacher at Wellesley High School for over six years, teaches several classes, her favorite being Power-Up Power-Down. In this class, students learn how to defend themselves and then later apply their skills and knowledge on a special seminar day where they fight male model muggers. According to Ms. Duval, both boys and girls in the class "experience a sense of increased confidence and heightened safety awareness." In addition, Ms. Molonea has taught at the High School for over thirteen years and instructs several courses, her favorites being Adventure I, II, and III. "They are traditional courses that allow students to challenge themselves in a variety of ways," said Ms. Molonea. The High School also requires that freshmen take an Intro to Fitness class where students learn how to and become certified to use the Fitness Center equipment. In addition, all sophomores take a class titled Health Issues where they learn about issues such as STDs, birth control, and

alcohol and drug abuse. In addition to those two courses, all Wellesley High School students take three other courses of their choice. Thanks to the wide variety of courses offered at Wellesley High School, every student can take classes that interest them. The size of Wellesley High School's population, however, has grown from about 800 students in the year 2000, to just over 1200 students in the year 2006. This has made it difficult for the Fitness and Heath department to enroll students in the classes they signed up for. Look- ing ahead, howand Health ever, the Fitness department is looking to continue to add new classes which interest students. the future, department head Ms. Tolken hopes that the program "will continue to equip students with the knowledge and skills they need

Right: S. Larkan ('09) checks out her lastest negatives in the photo room.

A Mixture of Mediums Expressive Arts

The smell of photo developing chemicals, clay and paint wafts through the halls of the basement and up the staircases. It drifts into the classrooms, as a constant reminder of the possibilities offered through the Art Department. Art offers electives as well as intensive classes. which are for the more advanced artists who desire to pursue art in the future. Our art program offers photography, ceramics, drawing and painting, creative journal, digital art, and jewelry. The creative journal course allows students to freely create a journal of pictures, magazine cut-outs, paintings, letters and anything they want to add. The journal is personal and is a way for the student to relieve stress.

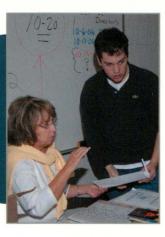

"Creative journal is a fun class, it is easy to express yourself through writing, drawing, painting, and collage, although sometimes it is difficult to decide how to begin a new page." says H.

Heffernan ('09). The digital art class uses the Adobe Photoshop software to make art. They use reflective art, negatives, slides and a digital camera to enhance their work. "Digital art is a challenging course, but after learning all the techniques of photoshop it becomes a lot easier and it is rewarding to see your finished product" says M. Pucillo ('09). The students view the art program as challenging but rewarding classes. December 6, 2006 there was an Open Studios, which was where the students displayed their work for anyone to come and see. It was a great way for students to get their ideas, and feelings out to the rest of our school. "Parents, teachers, and students attended and were inspired by the art created" says Ms. Ciluffo, one of our schools art teachers. Clearly at Wellesley High "Art is something you can do without boundaries" says A. Prives ('09).

Right: M. Daniel ('10) works to improve her typing skills in Keyboarding class.

Below: Sophomores L. Docktor and C. Moran take time from Yearbook class to look at some old editions.

All The Ingredients

Family and Consumer Science

looking, Child Lab and Business, Keyboarding and Yearbook class all provide skills used in the real world. Ms. Gorman teaches two classes that provide students with the instruction on how to cook food either from other cultures or food in their daily lives. Food Cultures and Societies, originally called International Foods, incorporates food as well as cultural education of where the food is from. Joy of Cooking focuses on breakfast, lunch and dinner foods. Both of the classes emphasize the importance of nutrition and healthy recipes. Across the parking lot is the Child Lab class, where you are able to take a break from your daily schedule of academics and play as well as teach preschool children. Ms. Doiron's favorite aspect of the program is,

"watching high school students learn from the pre-schoolers and the pre-schoolers learn from the high school students." Originally Child Lab began as a class of ten kids, which met twice a week in Ms. Lord's room for two hours. It then became a four-day community program for three hours a day and eventually became a full day program because of heavy student enrollment.

Another class, Business, gives

corporation and developing individual projects. The students are given the opportunity to choose a product and then market it. "The goal of the class is to sell \$1,000 worth of the product, but the main goals of the business class are to have a lot of fun, run a business, develop and sell a product, explore future opportunities and interact with the student body," says Mr. Hatch, a Business teacher. Switching gears, to keyboarding class, Ms. Lord teaches students to type by the touch method. This increases their typing skills with speed and accuracy. Another class, Yearbook, wasn't even around when the teacher, Mrs. Viña entered the high school and brought her passion for Photoshop with her and starting in 1999, she co-taught Yearbook with Ms. Lord. The yearbook was much smaller than today's and was printed in black and white. Now, Yearbook has caught up with the times and is done entirely on the computer and is in full color. The yearbook over the last four years has been nominated for best book twice and has had four nominations for various spreads in the whole country. Yearbook and the rest of the Family and Consumer Science classes all incorporate aspects of daily life into class, from playing with toddlers to selling a product, the real world comes to life in these classes.

students the experience of running a
